Town Warrant

The State of New Hampshire

March 9, 1982

Polls will be open from 7:00 a.m. to 7:00 p.m. at Wilkins School

Voting on Articles 1 through 5 will be at the polls.

Remaining articles will be considered at the meeting held at 9:00 a.m. March 13, 1982 at Middle School.

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Wilkins School on Boston Post Road, Village on Tuesday, the 9th day of March, 1982 at 7:00 a.m. for the choice of Town Officers elected by official ballot and such action required to be inserted on said official ballot (Articles 1 thru 5).

The polls will open on said date at 7:00 a.m. and will close not earlier than 7:00 p.m. in the evening.

You are hereby notified that the second session of the annual meeting of the Town of Amherst will be held at the Middle School on Cross Road, Amherst on Saturday, March 13, 1982 at 9:00 o'clock in the morning to act on those matters not to be voted on by official ballot (Articles 6 thru 23).

Article 1.

To choose all necessary Town officers for the ensuing terms.

Article 2.

To see if the Town will vote to make the following changes in the Zoning Maps and the Zoning Ordinance of the Town of Amherst. (Numbers 1 thru 40 proposed by the Planning Board) and in the Zoning Map (numbers 41 thru 43 as proposed by petitions).

Amendment #1

Section 2-1 Division of Town into Districts

Existing Language:

For the purpose of this ordinance, the Town of Amherst is divided into the following districts as shown on the official zoning maps: 3-12-63

- C Commercial District 3-12-63
- FP Flood Plain Conservation District 3-10-70
- HD Historic District 3-10-70
- I Industrial District 3-12-63
- LC Limited Commercial District 3-2-76
- NR Northern Rural District 3-2-76
- RE Residential District 3-12-63
- RJ Rural District 3-12-63
- W Wetland Conservation District 3-6-73

Explanation for Change:

To include the Watershed Protection District in listing of zones which has been omitted in the past.

Proposed Amendment:

C	Commercial Zone	3-12-63
FP	Flood Plain Conservation District	3-10-70
HA	Historic Area	3-10-70
I	Industrial Zone	3-12-63
LC	Limited Commercial Zone	3-2-76
NR	Northern Rural Zone	3-2-76
RE	Residential Zone	3-12-63
RU	Rural Zone	3-12-63
W	Wetland Conservation District	3-6-73
WP	Watershed Protection District	3-2-76

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to include the words Watershed Protection District in the listing of zones and districts?

YES

NO

Amendment #2

Section 3-2 Nonconforming Uses Paragraph A

Existing Language:

A. "The existing lawful use or occupation of land or premises hereunder may be continued although such use or occupation does not conform to the provisions thereof. Such nonconforming use of occupancy may not be enlarged or extended and if it is discontinued for more than one year any subsequent use or occupancy of the land or premises shall be a conforming use or occupancy. 3-6-73"

Explanation for Change:

To clarify language regarding pre-existing uses.

Proposed Amendment:

A. A pre-existing lawful use of land or buildings may be continued although such use does not conform to the provisions of this ordinance. Such nonconforming use may not be enlarged or extended, and if it discontinued for more than one year, any subsequent use of the land or buildings shall only be a conforming use. 3-6-73 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to simplify language regarding pre-existing uses?

YES

NO

Amendment #3

Section 3-2 Nonconforming Uses Paragraph D

Existing Language:

D. "The Board of Adjustment may by resolution prescribe such further regulations not contrary to law as it deems desirable or necessary to regulate or control or reduce the number or extent of or the gradual elimination of nonconforming uses or occupancies."

Explanation for Change:

It is suggested that this paragraph be eliminated due to the fact that it provides for the Board of Adjustment to exercise a function that is beyond its statutory or legal scope.

Proposed Amendment:

Eliminate this paragraph.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the paragraph which attempts to give the Board of Adjustment powers beyond its statutory or legal scope?

YES

NO

Amendment #4

Section 3-3 Sanitary Protection Requirements Paragraph B

Existing Language:

B. "Where state law or regulation vests authority in some agency of government other than the Board of Adjustment that board shall have concurrent jurisdiction. 3-12-63"

Explanation for Change:

This section appears to be an anachronism and would appear to attempt to get the Board of Adjustment to have authority in any case where state law or other regulation vests some authority in another agency of government. This particular form of delegation of power to the Board of Adjustment is beyond the scope of legitimate statutory prerogatives of the Board of Adjustment and should be removed from the ordinance.

Proposed Amendment:

Delete Paragraph B.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the paragraph which attempts to delegate authority to the Board of Adjustment in matters of sanitary protection (which are currently dealt with by the Board of Health)?

YES

NO

Amendment #5

Section 3-4 Signs A. RE District

Existing Language:

A. "In the RE Zone there shall be permitted on any one lot no more than one sign, size of which shall not exceed six square feet in area, and the height of which shall not exceed six feet from the ground level to the top of the sign. Only signs of the following type may be displayed: historic signs, name of occupant and signs which offer the property for sale or rent. As amended 3-13-79"

Explanation for change:

To clarify the fact that signs are required to be regulated by permit which is a question that arose in the past.

Proposed Amendment:

A. In the RE Zone any permitted sign on any one lot shall not exceed six square feet in area, the height of which shall not exceed six feet from the ground level to the top of the sign. No more than one sign of the following type may be displayed: historic signs, name of occupant and signs which offer the property for sale or rent. 3-13-79 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to clarify the fact that permits are required for signs?

YES

NO

Amendment #6

Section 4-5 Northern Rural District Paragraph C3

Existing Language:

C. 3 - "Any accessory use housed in a separate building shall be set back at least thirty (30) feet from side and rear lot lines and at least thirty (30) feet from front lot line and not exceed fifteen (15) feet in height. This height requirement may be waived for farm structures."

Explanation for change:

If there is cause for the principal structure to be set back fifty (50) feet from the front lot line, then it is only consistent to require that accessory buildings also be set back fifty (50) feet.

Proposed Amendment:

C. 3 - Any accessory use housed in a separate building shall be set back at least thirty (30) feet from side and rear lot lines and at least fifty (50) feet from the front lot line and shall not exceed fifteen (15) feet in height. This height requirement may be waived for farm structures.
3-11-80 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to make set back requirements in the Northern Rural Zone for accessory buildings identical to set backs for the primary buildings?

YES

NO

Amendment #7

Section 3-4 C LC District Signs Paragraph C

Existing Language:

C. (1) "In the LC District. On any one lot one common sign identifying a shopping center, or similar grouping of business sharing a common group name; plus one sign on the building for each business, the total combined area for each business not to exceed thirty (30) square feet."

Explanation for Change:

The purpose of this particular change is to preclude the possibility of a grouping of a number of signs permitted for a number of businesses on one lot into one large billboard type sign in the LC District. New wording is underlined.

Proposed Amendment:

C. (1) In the LC Zone a permit is required for signs. On any one lot there may be no more than one common sign identifying a business, a shopping center, or similar group of businesses. Also permitted on the same lot is one sign on the building for each business. The total square footage of sign for each business shall not exceed thirty (30) square feet. No single sign shall exceed thirty (30) square feet.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to limit any single sign or total signage in the Limited Commercial Zone to a maximum of thirty (30) square feet for each business?

YES

NO

Amendment #8

Section 3-4 C Signs Paragraph C.2.

Existing Language:

C. (2) "In the C and I District. In accordance with C (1) above, except total combined area allowed for each business is fifty (50) square feet."

Explanation for Change:

The purpose of this particular change is to preclude the possibility of a grouping of a number of signs permitted for a number of businesses on one lot into one large billboard type sign in the C and I Districts. New wording is underlined.

Proposed Amendment:

C. (2) In the C and I Zone a permit is required for signs. On any one lot there may be no more than one common sign identifying a business, a shopping center or similar grouping of businesses or industries. Also permitted on the same lot is one (1) sign on the building for each business. The total square footage of sign for each business or industry shall not exceed fifty (50) square feet. No single sign shall exceed fifty (50) square feet. 3-13-79 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to limit any single sign or total signage in Commercial Zone to a maximum of fifty (50) square feet for each business?

YES

NO

Amendment #9

Section 3-5 Off-Street Parking Requirements Paragraph C

Existing Language:

C. "Parking space requirements for buildings not specifically mentioned in this ordinance shall be determined by the Board of Adjustment. 3-12-63"

Explanation for Change:

It would appear that many of the early (1963) provisions of the ordinance that we currently use gave an inappropriate and excessive amount of authority to the Board of Adjustment to deal with areas that are beyond its legitimate statutory scope. The authority referred to above belongs appropriately to the Planning Board in the exercise of site review regulations unless parking becomes an issue in the process of an application for either a variance or a special exception.

Proposed Amendment:

C. Parking space requirements not specifically mentioned in this ordinance shall be determined by the Planning Board in the exercise of the authority granted to it pursuant to site review regulations. 3-12-63 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to delegate authority to the Planning Board in matters regarding off-street parking?

Yes

NO

Amendment #10

Section 3-11C Scenic Setbacks Paragraph C.3.

Existing Language:

3. The regulations set forth herein, are intended to apply only to the construction of new structures which takes place on and after the effective date of this section. Any dwelling or other structure which was in existence at the time of passage of this section, may be enlarged, modified, or otherwise altered without the necessity of complying with the requirements of this section, provided that such alterations do not reduce the setback from the front lot line to an amount less than that which existed on the effective date of this section. Such construction need only comply with the other setback requirements applicable in the respective districts. 3-2-76

Explanation for Change:

This particular section is the section which gives a waiver to the scenic setback requirement for existing buildings. The scenic setback restriction has been applied to practically all the roads in town and, consequently, many buildings exist that are well within the scenic setback area. It would be impossible to make any alterations or renovations in most of these older buildings were it not for the fact that there is the waiver in the ordinance of the scenic setback requirement. The purpose of this modification is to remove the earlier requirement that indicated that the extent of the waiver would be regulated by the setback which existed on the effective date of this section. It is virtually impossible to determine what the setback would have been in most cases so that we are simply relating it to the existing setback. It is an attempt to provide a form of "grandfather clause" for the setback on existing buildings.

Proposed Amendment:

3. The regulations set forth herein, are intended to apply only to the construction of new structures which takes place on and after the effective date of this section. Any dwelling or other structure which was in existence at the time of passage of this section, may be enlarged, modified, or otherwise altered without the necessity of complying with the requirements of this section, provided that such alterations do not reduce the setback from the front lot line to an amount less than the setback which exists on the building to be altered. Provided further, however, that such construction or alterations must comply with any other setback requirements applicable in the respective zones other than the scenic setback. 3-2-76 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to clarify the fact that additions to existing buildings which are already within the scenic setback need not meet the scenic setback requirement?

YES

NO

Amendment #11
Section 4-2 Lots of Record

Existing Language:

"Where a lot in separate ownership on or prior to April 12, 1960 does not conform to the area and width requirements of the zone in which it is located, such lot may be occupied by any use permitted in that zone provided it conforms to the front, side and rear yard requirements." 3-12-68

"Any lot of record in the Residence or Rural Districts duly recorded between April 12, 1960 and March 12, 1968 may be occupied by any use permitted in such districts provided it contains 30,000 or more square feet and has a frontage of not less than 150 feet on the principal route of access to the lot." 3-12-68

Explanation of Change:

The purpose of this change is to eliminate the confusion that exists in the present ordinance which requires a rather convoluted computation of the time period in which the particular lot existed before it can be determined which uses are permitted thereon, and also makes reference to only the Residential and Rural Zones when all zones must be dealt with.

Proposed Amendment:

(Eliminate all existing language and insert the following in place thereof) "Any lot of record in the Town of Amherst prior to the effective date of this section may be occupied by any use permitted in its zoning district, regardless of its size, provided it meets all applicable zoning, setback, building, and water pollution control regulations for the Town of Amherst. 3-12-68 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to clarify the status of lots of record and the fact that they may be built on providing they meet applicable zoning, health, building and fire regulations?

YES

NO

Amendment #12
Section 4-3 Residence District Paragraph C.1.

Existing Language:

C. Yard Requirements

1. "Each structure shall be set back at least thirty (30) feet from the front lot line, or at such distance as shall conform to the line of existing buildings or adjacent property."

Explanation for Change:

Relating a setback requirement to that which exists on buildings or adjacent property is unclear and unworkable.

Proposed Amendment:

C. Yard Requirements

1. Each structure shall be set back at least thirty (30) feet from the front lot line, or at such distance as shall conform to the line of existing buildings on that lot. 3-12-63 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the words "on adjacent property" when dealing with building setback requirements (in RE Zone) as these words are unclear and unworkable?

YES

NO

Amendment #13

Section 4-3 Residence District Paragraph A.2.

Existing Language:

A. Permitted Uses

2. "Uses permitted by special exception by the Board of Adjustment." 3-12-63

Explanation for Change:

The existing language appears to give the Board of Adjustment authority to grant any type of special exception.

Proposed Amendment:

A. Permitted Uses

2. In addition to the permitted uses referred to in section one above, the Board of Adjustment may permit certain uses to be carried on in the Residential Zone by way of special exception which uses are enumerated in Section 5-4 of the Zoning Ordinance and subject to the conditions and limitations therein imposed. 3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the language which appears to give the Board of Adjustment authority to grant (in the Residential Zone) any type of special exception, whereas special exceptions are specifically listed elsewhere in the ordinance?

YES

NO

Amendment #14

Section 4-4 Rural District Paragraph A.2.

Existing Language:

A. Permitted Uses

2. "Uses permitted by special exception by the Board of Adjustment." 3-12-63

Explanation for Change:

The existing language appears to give the Board of Adjustment authority to grant any type of special exception.

Proposed Amendment:

A. Permitted Uses

2. In addition to the permitted uses referred to in section one above, the Board of Adjustment may permit certain uses to be carried on in the Rural Zone by way of special exception which uses are enumerated in Article V, Section 5-5 of the Zoning Ordinance and subject to the conditions and limitations therein imposed. 3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the language which appears to give the Board of Adjustment authority to grant (in the Rural Zone) any type of special exception, whereas special exceptions are specifically listed else where in the ordinance?

YES

NO

Amendment #15

Section 4-5 Northern Rural District Paragraph A.2.

Existing Language:

A. Permitted Uses

2. "Uses permitted by special exception by the Board of Adjustment." 3-12-63

Explanation for Change:

The existing language appears to give the Board of Adjustment authority to grant any type of special exception.

Proposed Amendment:

A. Permitted Uses

2. In addition to the permitted uses referred to in section one above, the Board of Adjustment may permit certain uses to be carried on in the Northern Rural Zone by way of special exception which uses are enumerated in Article V, Section 5-7 of the Zoning Ordinance and subject to the conditions and limitations therein imposed. 3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the language which appears to give the Board of Adjustment authority to grant (in the Northern Rural Zone) any type of special exception, whereas special exceptions are specifically listed elsewhere in the ordinance?

YES

NO

Amendment #16

Section 4-4 Rural District Paragraph C.1.

Existing Language:

C. Yard Requirements

1. "Each structure shall be set back at least 30 feet from the front lot line, or at such distance as shall conform to the line of existing buildings on adjacent property." 3-12-63

Explanation for Change:

Relating a setback requirement to that which exists on buildings on adjacent property is unclear and unworkable.

Proposed Amendment:

C. Yard Requirements

1. Each structure shall be set back at least thirty (30) feet from the front lot line, or at such distance as shall conform to the line of existing buildings on that lot. 3-12-63 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the words "on adjacent property" when dealing with building setback requirements (in the Rural Zone) as these words are unclear and unworkable?

YES

NO

Amendment #17

Section 4-5 Northern Rural District Paragraph C.1.

Existing Language:

C. Yard Requirements

1. "Each structure shall be set back at least fifty (50) feet from the front lot line, or at such distance as shall conform to the line of existing buildings on adjacent property." 3-11-80

Explanation for change:

Relating a setback requirement to that which exists on buildings on adjacent property is unclear and unworkable.

Proposed amendment:

C. Yard Requirements

1. Each structure shall be set back at least fifty (50) feet from the front lot line, or at such distance as shall conform to the line of existing buildings on that lot. 3-11-80 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the words "on adjacent property" when dealing with building setback requirements (in the Northern Rural Zone) as these words are unclear and unworkable?

YES

NO

Amendment #18

Section 4-7 Commercial District Paragraph C.1.

Existing Language:

1. "Each structure shall be set back at least one hundred (100) feet and all parking areas shall be set back at least fifty (50) feet from the edge of the highway right-of-way; a landscaped area sufficient to maintain a permanent natural vegetation buffer shall exist between the highway and improved areas along it (subject, however, to the exception listed at Section 3-11-C above.) No existing building, structure, or parking area may be expanded or enlarged within these setbacks."

Explanation for change:

Basically, the problem is that we are attempting to provide some degree of latitude for existing buildings within the required setback in the Commercial District. If we don't do this the result will be that all existing buildings will be required to obtain variances every time any addition or enlargement or modification takes place which will place an unreasonable and unnecessary burden on the Board of Adjustment.

Proposed Amendment:

1. Each structure shall be set back at least one hundred (100) feet and all parking areas shall be set back at least fifty (50) feet from the edge of the highway right-of-way; a landscaped area sufficient to maintain a permanent natural vegetation buffer shall exist between the highway and improved areas along it. The regulation set forth herein is intended to apply only to the construction of new structures which takes place on and after the effective date of this section. Any dwelling or other structure which was in existence at the time of passage of this section, may be enlarged, modified or otherwise altered within the 100 foot set back only by adding to the rear of the building without increasing the lateral dimension of the building within the 100 foot set back.
3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to allow additions to the rear of existing buildings (in the Commercial Zone) which rear additions may be within the 100 foot set back as the building itself may already be forward of the 100 foot setback?

YES

NO

Amendment #19

Section 4-7 Commercial District Paragraph C.2.

Existing Language:

C. Yard and Building Requirements

2. "Each structure shall also be set back thirty (30) feet from side and rear lot lines or sixty (60) feet from side lot lines constituting streets where the lot is a corner lot."

Explanation of change:

The existing language of Section 4-7 regarding setbacks is contradictory. Paragraph C1 requires a 100 foot setback from the right-of-way. Paragraph C 2 requires a sixty (60) foot setback from the right-of-way. The purpose is to eliminate this contradiction.

Proposed Amendment:

C. Yard and Building Requirements

2. Each new structure or addition to a structure shall also be set back: thirty (30) feet from side and rear lot lines. For corner lots, setbacks shall be sixty (60) feet from streets which are not major arterial streets and one hundred (100) feet for streets which are major arterial streets. For the purpose of this section, Route 101A shall be considered a major arterial street. 3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate (in the Commercial Zone) the contradiction in the current language which imposes two differing setback requirements?

YES

NO

Amendment #20

Section 4-7 Commercial District Paragraph A.3.

Existing Language:

A. Permitted Uses

3. "Uses permitted by special exception by the Board of Adjustment."
3-12-63

Explanation for change:

The existing language appears to give the Board of Adjustment authority to grant any type of special exception.

Proposed Amendment:

A. Permitted Uses

3. In addition to the permitted uses referred to in Section 1 above, the Board of Adjustment may permit certain uses to be carried on in the Commercial Zone by way of special exception which uses are enumerated in Section 5-5 of the Zoning Ordinance and subject to the conditions and limitations therein imposed. 3-13-82

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the language which appears to give the Board of Adjustment authority to grant (in the Commercial Zone) any type of special exception, whereas special exceptions are specifically listed elsewhere in the ordinance?

YES

NO

Amendment #21

Section 3-2 Nonconforming Uses Paragraph C

Existing Language:

C. "Where a structure on a nonconforming lot or a structure containing a nonconforming use is damaged by fire, flood, wind, or Act of God, such structure may be reconstructed and used as before such damage provided such reconstruction is commenced within eighteen months and completed within two years after the date of the original damage."

Explanation for change:

This language is unwieldy and confuses nonconforming lots (size?) with nonconforming use. Additionally, all Amherst permits are valid for two years and the limitation on time to complete conflicts with these other sections of the ordinance.

Proposed Amendment:

Where a structure does not conform to the zoning ordinance or a structure contains a nonconforming use and it is damaged by fire, flood, wind, or Act of God, such structure may be reconstructed and used as before, provided such reconstruction is commenced within eighteen months.
3-6-73 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to clarify language re: non-conforming structures damaged by fire and make consistent with language elsewhere in the Ordinance that building permits are issued for periods of two years?

YES

NO

Amendment #22

Amendment withdrawn by the Planning Board.

Amendment #23

Section 4-10 Flood Plain Conservation District

Existing Language:

General "In the interests of public health, convenience, safety and welfare the regulations of this district are intended to guide the use of areas of flood plain subject to flood waters of the Souhegan River and its principal tributaries to permit and encourage the retention of open land so located...."

Explanation of change:

To make the wording describing the Flood Plain Conservation District coincide and be consistent with flood plain areas recently adopted by the Town which include other areas and not only the Souhegan River flood plain.

Proposed Amendment:

General In the interests of public health, convenience, safety and welfare, the regulations of this district are intended to guide the use of areas of flood plain subject to flood waters of the Souhegan River and its principal tributaries as well as those areas designated as flood plain districts elsewhere in this ordinance to permit and encourage the retention of open land so located.....

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to make the wording of the ordinance (re: Floodplain District) consistent with the Federal floodplain maps for the Town of Amherst which have been previously adopted?

YES

NO

Amendment #24

Section 5-5 Uses Permitted By Special Exception In The Rural District

Existing Language:

The existing language in the ordinance describes application procedure.

Explanation for change:

The entire paragraph 8 of section (b) of Section 5-5 is a lengthy detailed account of the application process for planned development. This was placed into the ordinance at a time when there were no site review procedures in effect and the Planning Board did not have specific regulations dealing with this type of thing. The Planning Board has now adopted subdivision and site plan review regulations and, accordingly, this particular area of regulation is redundant. Accordingly, Paragraph 8 (a) and (b) should be eliminated in their entirety and the only thing that should be substituted therefore is the following language.

Proposed Amendment:

8. Planned developments, subject to the requirements and conditions of site review regulations and other appropriate existing procedural requirements.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate line 8 of Section 5-5 which is a lengthy detailing (numbers of plans, metes and bounds, etc.) of the application process for planned developments, all of which was placed into the ordinance at a time when there were no guidelines for making application. The Planning Board has now adopted subdivision and site review regulations which encompass application procedure?

YES

NO

Amendment #25

Section 6-3 Board of Adjustment

Existing Language:

Paragraph E, F, and I, of this section of the Zoning Ordinance is a lengthy, and cumbersome procedural description of the methods to apply to the Board of Adjustment.

Explanation of Change:

The statutes for the State of New Hampshire have over these several years been re-enacted to provide for modifications in the fashion in which Boards of Adjustment shall conduct their hearing and the proposed amendment is now consistent with the statutory requirements, less costly, and less prone to procedural error.

Proposed Amendment:

E. Procedure on Permits for Special Exceptions, Variances and Appeals of Administrative Decisions.

1. The Board of Adjustment shall not approve the issuance of a permit until after a hearing on the application is held.
2. Upon receipt from the Administrative Official of an application for a special exception, variance, appeal of administrative decisions, temporary use permit, the Board of Adjustment shall hold a public hearing.
- I. Notice thereof shall be given as follows:
 - a. The appellant and all the abutters shall be notified of the hearing by certified mail, return receipt requested, stating the time and place of the hearing, and such notice shall be mailed not less than five days before the date fixed for the hearing of the appeal.
 - b. A public notice of the hearing shall be published in a newspaper of the general circulation in the area, not less than five (5) days before the date fixed for the hearing of the appeal.
- II. The public hearing shall be held within thirty (30) days of the receipt of the notice of the appeal.
- III. Any party may appear in person or by his agent or attorney at the hearing of an appeal.
- IV. The cost of advertising and costs of mailing the notices of hearing shall be payable by the person making the appeal prior to the hearing.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate Paragraphs E, F, and I of Section 6-3 which is a lengthy, cumbersome description of the method for making application to the Board of Adjustment? The method for making application to the Board of Adjustment is precisely detailed by State Statute, which method is less costly, and less prone to procedural error?

YES

NO

Amendment #26
Section 9-1 Definitions

Existing Language:

Abutter Any person or persons holding legal title to land within 140 feet of the exterior boundaries of a given lot.

Explanation for change:

This change modifies the definition of an abutter to comply with New Hampshire statutes defining an abutter.

Proposed Amendment:

Abutter Any person or persons holding legal title to land which adjoins or is directly across the street or stream from land under consideration. 3-12-63 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to make the Amherst definition of an abutter consistent with State Statutes and definition?

YES

NO

Amendment #27

Section 5-4 Uses Permitted By Special Exception In Residence District
Existing Language:

Under existing language in the ordinance, a Special Exception may be granted to convert a dwelling built prior to 1963, and in the Residential Zone, to a two family dwelling.

The Planning Board has determined that it is desirable to extend this conversion in other than the Residential Zone.

Proposed Amendment:

Section 5-4 Uses Permitted by Special Exception in Residence Zone
Section 5-5 Uses Permitted by Special Exception in the Rural Zone
Section 5-6 Uses Permitted by Special Exception in the Commercial Zone
Section 5-7 Uses Permitted by Special Exception in the Northern Rural Zone

Any single family dwelling, with at least 3000 square feet of heated living space, existing as of December 31, 1981, may be converted from a dwelling for use by one family to a dwelling for use by two families under the following conditions: 3-13-82

1. No additions may be made to the exterior of the building.
2. The total area of the second dwelling unit shall not exceed 800 square feet.
3. A separate entrance may be provided if such entrance does not increase existing living space.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to allow as a permitted use by Special Exception in the Residence, Rural, Commercial, and Northern Rural Zones, the conversion of certain single family residences to two family residences?

YES

NO

Amendment #28

Section 6-3 Paragraph H Time Limits of Special Exceptions and Variances
Existing Language:

"If, after a permit has been authorized by the Board of Adjustment as a result of a request for a Special Exception or Variance, such permit has not been applied for within ninety (90) days from the date of authorization, then such authorization shall become null and void, and no permit shall be issued thereunder."

Explanation for change:

There is legal precedent and advantage to setting time limits within which the right granted by a variance must be exercised to be preserved. However, the current wording of the ordinance merely mentions making application for a permit.

Proposed Amendment:

If, after a permit has been authorized by the Board of Adjustment as a result of a request for a Special Exception or Variance, such permit has not been obtained within one year from the date of such authorization, then such authorization shall become null and void, and no permit shall be issued thereunder. 3-4-75 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to place a more definite time limit upon obtaining a permit once that permit is authorized by the Board of Adjustment?

YES

NO

Amendment #29

Sections 5-5 and 5-7 Uses Permitted by Special Exception in the Rural District and Northern Rural District

Existing Language:

3. Commercial recreational uses.
7. Sawmills and lumber yards.

Explanation for change:

Under this zoning an amusement park, or lumber yard is possible in neighborhoods of the Town which although zoned rural or northern rural, are essentially residential in character.

Proposed Amendment:

Eliminate commercial recreational uses and lumber yards. Retain sawmills.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate "commercial recreational uses and lumber yards" from the Rural and Northern Rural Zones as uses permitted by Special Exception?

YES

NO

Amendment #30

Section 7-2 Initiation of Amendments

Existing Language:

"Such regulations, restrictions and boundaries may from time to time be amended or repealed. In case of a protest against such change, signed by the owners of twenty percent either of the area of the lots included in such proposed change or of those immediately adjacent to the rear thereof extending one hundred feet therefrom, or of those directly opposite thereto extending one hundred feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of the persons present and voting at a Town meeting."

Explanation for change:

This section is entitled Initiation of Amendments; however, the paragraph actually deals with procedure for protesting changes in the zoning ordinance; not initiating new amendments. State statutes provide for a method of protesting changes to zoning ordinances and the entire paragraph is superfluous. However, State Statutes require a favorable vote of two-thirds (2/3) of the persons present and voting at a Town meeting.

Proposed Amendment:

Eliminate the paragraph from the Zoning Ordinance.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate a paragraph which is entitled "Initiation of Amendments," but in actuality deals with the procedure for protesting changes to the Zoning Ordinance; and which same paragraph requires a three-fourths favorable vote to adopt changes to the Zoning Ordinance?

YES

NO

Amendment #31

Section 6-3 Paragraph L Authorize Temporary Uses

Existing Language:

"The Board of Adjustment may grant after due notice and hearing, the temporary occupancy and use of a structure in any district for a purpose that does not conform with the district requirements. Such occupancy and use shall be subject to any reasonable conditions and safeguards which the Board of Adjustment may impose to minimize any injurious effect upon the neighborhood or to protect contiguous property. The approval by the Board of Adjustment and any permit based thereon, for such temporary occupancy and use, shall not be granted for a period of more than twelve (12) months, and shall not be renewable more than once and then for a period of not more than twelve (12) months."

Explanation for change:

Board of Adjustment has indicated that greater flexibility in this area would assist them and applicants who may wish to provide the public with sound and reasonable temporary services but are restrained by the limitation of a one year period and a one time renewal.

Proposed Amendment:

The Board of Adjustment may authorize a permit, after due notice and hearing, for the temporary occupancy and use of a structure or land in any district for a purpose that does not conform with the zone requirements. Such occupancy and use shall be subject to any reasonable conditions and safeguards which the Board of Adjustment may impose to minimize any injurious effect upon the neighborhood or to protect contiguous property. The approval by the Board of Adjustment and any permit based thereon, for such temporary occupancy and use, shall not be granted for a period of more than twenty-four (24) months, and may be renewed upon reapplication to the Board of Adjustment. 3-4-75 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to allow the Board of Adjustment greater flexibility when authorizing permits for temporary uses, namely to allow a two year permit, which may or may not be renewed upon reapplication to the Board?

YES

NO

Amendment #32

Section 9-1 Definitions, Planned Development

Existing Language:

Planned Development. The use of an area of land ten (10) acres or larger for any of the following purposes:

- a. Landscaped administrative offices. 3-6-73
- b. Laboratories devoted to research. 3-6-73
- c. Assembly of previously prepared material. 3-6-73
- d. Any other use or uses authorized in the Rural area as permitted use or uses by Special Exception. 3-6-73

PROVIDED HOWEVER,

- a. That not more than 40% of the total area of the proposed plot be occupied by building; and 3-6-73
- b. That no structure be built nearer than 100 feet to a RE District. 3-6-73

Explanation for change:

The Planning Board feels that the existing language in the ordinance may be misconstrued to allow factories and other uses in Rural zones of the Town which are essentially residential in character.

Proposed Amendment:

Planned Development. The use of an area of land of ten (10) acres or more for a combination of uses authorized in the Rural Zone as permitted uses, or uses permitted by Special Exception.

PROVIDED HOWEVER,

- a. That not more than 40% of the total area of the proposed plot be occupied by buildings; and 3-6-73
- b. That no structure be built nearer than 100 feet to a RE Zone or a residence. 3-6-73 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate factories, laboratories, and administrative offices from the definition of a planned development which currently is a permitted use by Special Exception in the Rural Zone?

YES

NO

Amendment #33
Subdivision Regulations

Existing Language:

There is currently a requirement in the Subdivision Regulations that bounds be set prior to the issuance of a permit.

Explanation for change:

The Planning Board feels that more precise location of houses, septic, etc. on a lot is desirable. Despite efforts to assure that buildings, septic systems, wells, are constructed at the location shown on initial approvals and not across lot lines or within required setbacks, discrepancies still occur. A more precise location of buildings is vital in light of the number of small lots being created in cluster subdivisions.

The proposed amendment hopefully would encourage builders to more carefully plan locations of their structures in accordance with approved plans and not be saddled with the expense of redrawing and resubmitting plans to the Town and State.

Proposed Amendment:

Include a new subsection to Section 6-2, Paragraph B, Certificate of Occupancy.

Certificates of Occupancy for new structures shall not be issued unless two (2) copies of a plot plan (survey) be filed with the Building Official, prepared by a Licensed Land Surveyor certifying the following information:

- a. boundary markers are set at all angles of the lot,
- b. location to scale on the lot of the building(s), well(s), septic system(s), driveway(s).

Scale of the plot plan to be 1" = 50' or 1" = 100' if entire lot will not fit on 17" x 22" paper. Boundary markers shall be of granite, concrete or drill holes in granite or durable ledge. Offset markers may be used where natural or historical obstruction occurs.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to require that certified plot plans be required upon completion of new structures so that an accurate record is thereafter available of the location of structures, septic systems, wells, driveways.

YES

NO

- Amendment #34
- Section 4-10 Floodplain Conservation District
 - Section 4-11 Wetland Conservation District
 - Section 4-12 Watershed Protection District

Explanation for change:

The intent of the revisions is to clarify wording and eliminate contradictions in the current wording, e.g. currently Section 4-11, Wetlands,

does not permit...."erection of any structure or alteration of surface configuration...." This suggests a variance is required to carry out these activities; however, Paragraph 8 allows these same activities via a special exception.

Other wording changes, primarily dealing with permitted uses, are intended to allow some flexibility for minor structures in these districts, at the same time indicating more clearly that building permits are required which allows some control. All sections dealing with uses permitted by Special Exception.

Proposed Amendment:

Section 4-10 Floodplain Conservation District 3-10-70

General

In the interest of public health, convenience, safety, and welfare, the regulations of this district are intended to guide the use of areas of floodplain subject to flood water, and to encourage the retention of open land so as to constitute an harmonious and appropriate physical development of the Town, as developed from the Master Plan. The specific intent of this district is:

- 1) To prevent the development of buildings and uses in areas that are unsatisfactory and hazardous due to the threat of flooding.
- 2) Protection of natural flow and drainage.

Definition

The Floodplain Conservation District is hereby determined to be those areas of land within the Town of Amherst designated within the 100 year Flood Boundary on a series of maps entitled "National Flood Insurance Program, FIRM Town of Amherst, N.H., Hillsborough County", and consisting of twelve (12) individual maps prepared by the Federal Insurance Administration, a division of the U.S. Department of Housing and Urban Development. 9-22-79

FLOODWAY means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot.

A. Permitted Uses

1. Any use of the land, which may require a permit, that does not result in the erection of any building, and that is not otherwise regulated by any other provision of the Zoning Ordinance.
2. Those uses that can appropriately and safely be located in the floodplain:
 - a) Minor fences, docks, wharves, boat houses.
 - b) Agriculture.
 - c) Forestry, timbering, tree farming.

Uses permitted by Special Exception by the Board of Adjustment:

- a) Tennis courts, swimming pools, golf courses, playing fields.

Special Exceptions for the undertaking of a use of land in the Floodplain Conservation District may be granted by the Board of Adjustment if not in conflict with the purposes and intentions of Section 4-10. As amended 3-11-80.

Section 4-11 Wetland Conservation District

General

The Wetland Conservation District is hereby determined to be those areas

identified or delineated as poorly drained or very poorly drained soils, or as bodies of water by the National Cooperative Soil Survey through field mapping surveys completed in 1970 and shown on its field mapping photographic sheets for the Town of Amherst, New Hampshire. The Wetland Conservation District as herein defined is shown on a map designated as:

"U.S. Department of Agriculture

Soil Conservation Service

Town of Amherst, Hillsborough County, New Hampshire

Soil Survey, November 1970

Amherst Wetlands Conservation District Map

Adopted March 1973

Amended March 1975" 3-4-75

and is a part of the "Zoning Map" of the Town of Amherst, New Hampshire.

In all cases where the Wetland Conservation District is superimposed over another zoning district in the Town of Amherst, that district whose regulations are the more restrictive shall apply.

In the event an area is incorrectly designated as being poorly drained or very poorly drained soils on the Town of Amherst Wetland Conservation District Map and evidence to that effect is satisfactorily presented to the Building Inspector or Zoning Administrator, the restriction contained in this Section shall not apply. Conversely, in the event that an area not so designated has poorly drained or very poorly drained soils within the meaning of the aforementioned definition, then the restriction contained in this Section shall apply. Such evidence may be obtained by adequate on-site soils investigation and analysis conducted by a soils scientist qualified in field analysis. As amended 3-11-80.

In the interest of public health, convenience, safety and welfare, the regulations of this District are intended to guide the use of areas of land with extended periods of high water tables. The specific intent of this district is:

1. To prevent the development of buildings and land use, on naturally occurring wetlands, which would contribute to pollution of surface and ground water. 3-6-73
2. To prevent the destruction of natural wetlands which provide flood protection, recharge of ground water supply, and augmentation of stream flow during dry periods. 3-6-73
3. To prevent unnecessary or excessive expenses to the Town to provide and maintain essential services and utilities which arise because of inharmonious use of wetlands. 3-6-73
4. To encourage those uses that can be appropriately and safely located in wetland area. 3-6-73

A. Permitted Uses

Any of the following uses, which may require a permit, and that do not result in the erection of any buildings and that are otherwise permitted by the zoning ordinance:

1. Forestry - tree farming 3-6-73.
2. Agriculture 3-6-73.
3. Well and well lines 3-11-80.
4. Wildlife refuge 3-6-73.
5. Parks and such recreation uses as are consistent with the purpose and intentions of Section 4-11 3-6-73.
6. Conservation areas and nature trails 3-6-73.
7. Open space as permitted by subdivision regulations and other sections of this ordinance 3-6-73.

Uses permitted by Special Exception by the Board of Adjustment 3-12-63.

Special Exceptions may be granted by the Board of Adjustment for the following uses within the Wetland Conservation District:

- a. Ponds, streets, roads and other access ways and utility right-of-way easements, including power lines and pipe lines if essential to the productive use of land and if so located and constructed as to minimize any detrimental impact of such uses on the wetlands. As amended 3-11-80.
- b. The undertaking of a use which may include dredging, filling, draining, or otherwise altering the surface configuration of the land, if it can be shown that such proposed use will not conflict with the purpose and intentions of Section 4-11 and if such proposed use is otherwise permitted by the zoning ordinance. Proper evidence to this effect shall be submitted in writing to the Board of Adjustment and shall be accompanied by the findings of a review by the Hillsborough County Conservation District of the environmental effects of such proposed use upon the wetlands in question, and shall also be accompanied by an opinion from the Planning Board as to whether the proposed use conflicts with the purposes and intent of Section 4-11 and the reasons for their opinion. As amended 3-11-80.

B. Special Provisions

1. No wetland may be used to satisfy minimum lot requirements in any zone or to satisfy minimum open space requirements in a cluster development.
2. No septic tank or leach field may be located closer than seventy-five (75) feet to any wetland. 3-6-73.
3. No building shall be erected within fifty (50) feet of any wetland.

Section 4-12 Watershed Protection District

General

In the interest of public health, convenience, safety and welfare, the following regulations are intended to guide the use of areas of land with extended periods of high water table and lands draining into wetlands, brooks, ponds or water supply areas; to control building and land uses which would contribute to pollution of surface and ground water; to prevent the destruction of watershed areas which provide flood protection, recharge of ground water supply, and augmentation of stream flow during dry periods; to prevent unnecessary or excessive expenses to the Town to provide and maintain essential services and utilities which arise because of inharmonious use of watershed areas; and to encourage those uses that can be appropriately and safely located in this district. 3-2-76

1. Definition of Watershed Protection District

Watershed Protection District shall mean an area of land surrounding designated bodies of water for the purpose of controlling building and land uses, which uses could contribute to the pollution of surface and ground water. Watershed Protection District shall also mean any areas of surface or ground water of such a nature that if altered by dredging, filling, or relocating, would result in damage or destruction to habitats and reproduction areas for plants, fish and wildlife of importance, and if altered by dredging, filling, or relocating, would result in eliminating, depreciating or obstructing the commerce, recreation and aesthetic enjoyment of the public, and would be detrimental to adequate ground water levels, and would adversely affect stream channels and their ability to handle runoff of waters, and would disturb and reduce the natural ability of wetlands to absorb flood waters and silt. 3-14-78

For the purpose of this section, such Watershed Protection District shall include, but not be limited to, all lands within one hundred (100) feet of bodies of water, perennial streams, or intermittent streams.

Intermittent stream is one that flows within well defined stream beds during wet periods or carries water down slopes during heavy storms or spring runoff.

2. Regulations

No septic system and no building shall be constructed within the Watershed Protection District, and no use other than those permitted by Special Exception. See Article V. 3-8-77.

A. Permitted Uses

Any of the following uses, which may require a permit, and that do not result in the deterioration of the water quality or cause erosion in the Watershed Protection District shall be permitted:

1. Miscellaneous trimming, pruning, and thinning according to good forestry practices.
2. Tree farming, timbering and forestry according to practices approved by the County Forester.
3. Wildlife refuge.
4. Wharves, boat houses, bridges or similar structures normally associated with use in or near water.

Uses permitted by Special Exception by the Board of Adjustment within the Watershed Protection District.

- a. Tennis courts, swimming pools, golf courses, playing fields.
- b. Ponds, streets, roads, and other access ways and utility right-of-way easements, including power lines and pipe lines if so located and constructed as to minimize any detrimental impact of such uses upon the Watershed Protection District.
- c. The undertaking of a use which may include dredging, filling, draining, or otherwise altering the surface configuration of the land, if it can be shown that such proposed use will not conflict with the purpose and intentions of Section 4-12 and if such proposed use is otherwise permitted by the zoning ordinance. Proper evidence to this effect shall be submitted in writing to the Board of Adjustment and shall be accompanied by the findings of a review by the Hillsborough County Conservation District and the Planning Board of the environmental effects of such proposed use upon the Watershed Protection District in question. As amended 3-11-80.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate current contradictions in the language of the Zoning Ordinance dealing with the Wetland, Floodplain, Watershed districts; which in various places states that a variance is required to carry out certain activities (e.g. to fill a wetland) and at the same time states elsewhere that a special exception is required to carry out the same activity?

YES

NO

Amendment #35

Section 4-10 Floodplain Conservation District Paragraph A.2.

Section 4-12 Watershed Protection District Paragraph A.5a.

Existing Language:

The permitted uses in these districts are listed and include the words...."and other recreational purposes."

Explanation of change:

These words are vague and might mislead someone to envision a bowling alley in the Floodplain or Watershed Districts.

Proposed Amendment:

Eliminate this wording.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate the words "and other recreational purposes" from the uses permitted by Special Exception in the Floodplain and Watershed districts as someone could envision a bowling alley in the Floodplain?

YES

NO

Amendment #36

Section 4-5 Northern Rural Paragraph B

Section 4-7 Commercial Paragraph B2

Section 4-8 Limited Commercial Paragraph B2

Existing Language:

The existing language makes no allowance for private ways in the above zones and is an oversight in the ordinance. The wording of the proposed amendment is identical to that which currently allows private ways in the residential and rural zones.

Proposed Amendment:

Add words "...unless said principle route of access is a Class A or B private way within meaning of this ordinance in which event 35 feet of frontage on a public road shall be sufficient for the lot or lots."

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to correct an oversight in the Ordinance which currently does not make provision for private ways in the Northern Rural, Commercial or Limited Commercial Zones?

YES

NO

Amendment #37

Section 9-1 Definitions

Existing Language:

There is no definition of a professional office.

Explanation for change:

As professional office is a use permitted by special exception in Residential, Rural, Northern Rural Zones, there should be a degree of protection afforded the owners of homes in these areas from a more generalized interpretation of the meaning of professional.

Proposed Amendment:

Professional Office A professional office shall be one, or a combination of the following type: doctors, dentists, lawyers, engineers, surgeons, veterinary clinic, accountants, architects.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to include a clear definition of a professional office as professional offices are currently permitted by Special Exception in the Residential, Rural and Northern Rural Zones?

YES

NO

Amendment #38

Section 3-5 Off-Street Parking Regulations

Existing Language:

A. "The following parking spaces shall be provided and maintained by the owner of the property for each building that is erected or enlarged after passage of this ordinance."

Explanation of change:

Provision should be included for off-street parking for high traffic uses which may not involve actual construction e.g. outdoor markets, auctions, etc.

Proposed Amendment:

A. The following parking spaces shall be provided and maintained by the owner/developer of a property for each proposed new or altered building, or use which may not involve a building or structure. 3-12-63 (3-13-82)

2. Retail stores, service establishments, outdoor markets, auctions, one parking space for each establishment, plus one parking space for each 500 square feet of sales space. 3-12-63 (3-13-82)

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to provide for off-street parking requirements for high traffic uses which may not involve construction of a building?

YES

NO

Amendment #39

Section 9-1 Definitions

Existing Language:

Structure - anything constructed that is of necessity attached directly or indirectly to the ground.

Explanation of change:

The words "of necessity" have been used in the past to obviate the need for a legitimately required building permit.

Proposed Amendment:

Structure - anything constructed or assembled.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to redefine a structure as "anything constructed or assembled" thereby eliminating current ambiguity in the definition?

YES

NO

Amendment #40

Section 3-8 Paragraph F

Continuation of Existing Earth Material Removal Operation

Explanation for change:

This paragraph provided a grace period of six (6) months allowing continuance of existing earth material removal operations at the time of the initial adoption (1975) of the earth material regulations and is no longer applicable to anything.

Proposed Amendment:

Eliminate Paragraph F, in its entirety.

BALLOT QUESTION TO READ:

Are you in favor of amending the Zoning Ordinance as proposed by the Planning Board to eliminate Paragraph F of Section 3-8 which provided a six month grace period for continuing earth material operations at the time of the initial adoption (1975) of the earth material regulations and no longer applies?

YES

NO

To see if the Town will vote to amend the Zoning Map with respect to certain lots along Route 101A and Route 122 and that the same be changed from Rural to Commercial.

Amendment #41

By Petition

Are you in favor of adopting Amendment #41 as proposed by petition of the voters of this Town to include in the Commercial Zone lot #2-212, situated on the southeast corner of the intersection of Route 101A and Route 122? The Planning Board recommends a NO vote.

YES

NO

Amendment #42

By Petition

Are you in favor of adopting Amendment #42 as proposed by petition of the voters of this Town to include in the Commercial Zone lots #2-100, 2-101, 2-101-1, 2-102, situated on the northerly side of Route 101A and west of Veterans Road? The Planning Board recommends a NO vote.

YES

NO

Amendment #43

By Petition

Are you in favor of adopting Amendment #43 as proposed by petition of the voters of this Town to include in the Commercial Zone lots #2-112, 2-108-1, 2-108, 2-106, 2-105, 2-104, 2-103, situated on the southerly side of Route 101A and running east of the intersection with Route 122? The Planning Board recommends a NO vote.

YES

NO

Article 3.

Do you favor adoption of the Town Manager plan as provided in Chapter 37 of the Revised Statutes Annotated effective with the beginning of fiscal year 1983-84 or July 1, 1983?

Yes

No

Article 4.

Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years of age, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least five years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least five years. In addition, the taxpayer must have a net income of less than \$10,000 or if married, a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence.

Yes

No

Article 5.

To see if the Town of Amherst will vote to discontinue the Mosquito Control District established under Article 4 of the Town Meeting of 1979 as provided for in Section 437-A:12 RSA for the following reasons:

1. The rural character of Amherst, with many inaccessible areas, precludes effective coverage.

2. Once a spray and larvacide program is started, the Town is locked-in because the natural controls to mosquitos (birds and dragonflies, etc.) have been killed.

3. Once an active permanent staff has been hired, it is much more difficult to discontinue it.

4. As time goes on, the mosquitos and the bureaucracy become more resistant, resulting in greatly escalating costs.

Yes

No

Article 6.

To see if the Town will vote to raise and appropriate such monies as may be necessary to defray Town charges for the period July 1, 1982 to June 30, 1983.

Article 7.

To see if the Town will vote to give the Selectmen and Town Treasurer the authority to borrow money in anticipation of tax receipts.

Article 8.

To see if the Town will vote to appropriate and authorize the withdrawal from the Federal Revenue Sharing Funds for use as offsets against the budgeted appropriations for the following specific purposes and in the amount indicated or take action relative hereon:

Police Automobiles	\$17,000
--------------------	----------

Article 9.

To see if the Town will vote to raise and appropriate the sum of \$4,000 for the purpose of purchasing books for the Town Library and authorize the withdrawal of this sum from Federal Revenue Sharing Funds for this purpose.

Article 10.

To see if the Town will vote to raise and appropriate the sum of \$1,500 to completely reprint the Zoning Ordinance of the Town of Amherst following its revision at the Special Town Meeting to be held in September and to authorize the withdrawal of the amount required for this purpose from Federal Revenue Sharing Funds.

Article 11.

To see if the Town will vote to appropriate and authorize the withdrawal from the Federal Revenue Sharing Funds for use as offsets against the budgeted appropriations for the following specific purpose and in the amount indicated or take action relative hereon:

Library Maintenance	\$3,000
---------------------	---------

Article 12.

To see if the Town will vote to raise and appropriate the sum of Thirteen Thousand Five Hundred Dollars (\$13,500.00) for Amherst's share of the Souhegan Mutual Fire Aid Association Dispatch Center for fire and rescue calls, or take action relative thereto.

Article 13.

To see if the Town will vote to raise and appropriate the sum of \$15,000 to undertake the necessary first phase maintenance to the Brick School suggested by the Brick School Study Committee including storm windows, new furnace, insulation intended to make the building more energy efficient, or take action relative thereto.

Article 14.

To see if the Town will vote to raise and appropriate the sum of Fifty Six Thousand Dollars (\$56,000.00) for architectural drawings, site survey, and architectural fees for addition to and renovation of the Amherst Town Library or take action relative thereto.

Article 15.

To see if the Town will vote to create a capital reserve fund for the purpose of providing funds for an addition to and renovation of the Amherst Town Library and to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000.00) to carry out the intent of this article, or take action relative thereto.

Article 16.

To see if the Town will raise and appropriate the sum of Sixty Thousand Dollars (\$60,000.00) to add to the Capital Reserve Fund established to repair bridges or take action relative thereto.

Article 17.

To see if the Town will raise and appropriate the sum of One Thousand Three Hundred Eighty Seven Dollars and Eighty Six Cents (\$1,387.86) to support the services rendered by the Nashua Regional Mental Health to Amherst residents or take action relative thereto.

Article 18.

To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) to support the services rendered by the Souhegan Nursing Association to Amherst residents, or take action relative thereto.

Article 19.

To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500.00) to support the services rendered by the Souhegan Valley Association for the Handicapped to Amherst residents, or take action relative thereto.

Article 20.

To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00) to support the services rendered by St. Joseph Community Services, Inc., to the elder citizens of Amherst, or take action relative thereto.

Article 21.

To see whether the Town will vote to approve an agreement reached between the Conservation Commission and the owner of property adjacent to Town of Amherst Conservation Commission land located on Chestnut Hill Road by means of which agreement the Conservation Commission is seeking to acquire an 1,130 square foot parcel which would provide the Town of Amherst Conservation Commission with title to its entire parking lot for the Plumb Memorial Forest as well as a small portion of wooded area immediately to the south in return for the conveyance to said abutting owner of a small equivalent sized parcel located at the southeast corner of the right-of-way access to the Plumb Memorial Forest which equivalent parcel is also 1,130 square feet in size and is so situated as to be immediately adjacent to the front yard of the dwelling that is owned by said abutting owners. Said exchange will not involve the transfer of any funds between the sbutting owner or the Town but will be conditioned upon said abutting owner constructing a visual barrier of permanent evergreen vegetation along the newly created boundary line. All of the foregoing to implement the adjustment indicated on a plan of land which the Conservation Commission and the abutting owner have initialed. The Selectmen for the Town of Amherst are hereby authorized to execute any and all documents to effectuate the foregoing.

Article 22.

To see if the Town will vote to raise and appropriate the sum of Two Thousand Seven Hundred Dollars (\$2,700.00) to become a part of the Regional Study of the Aquifer being done by Nashua Regional Planning Commission and to authorize the expenditure of this sum over three years at the rate of Nine Hundred Dollars (\$900.00) per year to the Nashua Regional Planning Commission as the work progresses, or take action relative thereto.

Article 23.

To see if the Town of Amherst will vote to convey to Arlene Smith, Jean Campbell and Justin Pestana; owners of parcel shown as Lot 81 on Map 6, through which the newly acquired Boston and Main right-of-way passes, a 50 foot right-of-way across the railroad right-of-way located at the Farm Crossing located at Station 689 and 16 in equal exchange for

several other farm crossings which appear on the plan, on term negotiated by the Selectmen with the recommendation of the Conservation Commission and deemed to be in the best interest of the Town. All costs of survey and legal fees to be borne by said Arlene Smith, et al.

Given under our hands and seal, this 22nd day of February, in the year of our Lord, nineteen hundred and eighty two.

PETER F. WELLS
FRANCIS N. PERRY
JOHN I. SNOW
ELIZABETH LOWN
ALICE E. ARNOLD

Selectmen of Amherst, N. H.

A True Copy of Warrant - Attest:

Balance in General Fund 6/30/81	\$ 60,762.25

Over the past accounting period the funds of the Town, not required for immediate expenditure, have been invested in sixty-eight long term certificates of deposit and forty-six shorter term repurchase agreements. These, together with a savings account used to accumulate smaller amounts insufficient to purchase the more lucrative certificates, earned interest in the amount of \$254,189.60 reducing the tax rate on the current bills by \$1.90 per thousand.

We have, through the cooperation of our principal bank, the Souhegan National Bank, used the float of Town funds effectively in this program of careful investment. Over the past ten months, no more than a maximum of \$1,000.00 has remained in the General Fund checking account during any week. This is considered to be the minimum amount of liquid cash with which it is prudent to operate to take advantage of allowable discounts and to have available emergency funds for welfare assistance and the like.

THE HOUSE THAT ALMOST NEVER WAS.....

When it became evident some time ago that Marjorie Ropes would not be returning to her old home in the Village, the Board of Selectmen undertook the task of disposing of the property. At first glance, it appeared that because of the size of the property no reasonable use could be found for the building and it was suggested that it should be torn down and the vacant lot offered to abutters.

However, more innovative thinking on the Board, combined with special input from our Zoning Administrator, who came up with simple solutions to thorny problems of renovation, and the Board of Health who approved these plans, the house itself was finally able to be auctioned off as a viable residence.

It was purchased by people whose restoration of the property has produced a treasure. Instead of an empty lot, we once again have an income-producing property with great charm in the center of Town.

SELECTMEN'S REPORT

The Board of Selectmen began its year with newly elected member John Snow on board as our in-house expert on finance. Shortly after convening as a new Board, Francis Perry was appointed to fill the unexpired term of Thomas Grella who resigned.

Inflation is the villain which confronts Selectmen at budget time and this year was not exclusive of that pressure. Additionally, the trickle-down effect of our national policy has put the Town in a most uncertain economic position relative to new financial responsibilities passed to the States and ultimately vesting in our own budget. The next twelve months will indicate to Amherst what those new and permanent financial burdens will be.

Prior to the seasonal budget preparation, department heads and committee and commission chairmen were asked to keep dollar levels to that of the present budget for a "zero" growth with the only exception being employee wages and salaries. Sincere appreciation and thanks for these efforts by our department heads are well deserved. Targets were, for the most part, met. Employees were allowed a ten percent pay adjustment for the fiscal period recognizing that the "people" aspect of our budget needed to be addressed.

Town employees and Town functions performed well in great harmony with an efficiency that all the Selectmen admire, appreciate and applaud. Our employees are a group that perform very well in a variety of tasks with spontaniety and enthusiasm. We are grateful.

Amherst Town government is filled with generous citizens who volunteer endless time, ability and enthusiasm to make our system work.

The Computer Study Committee was formed to resolve the data processing requirements of Amherst which was in need of upgrading. The recommendation was accepted to place our business with Automatic Data Processing for General Ledger and Accounts Payable. Getting the system on line was efficiently accomplished by our extremely competent office staff under the supervision of Barbara Landry.

The next phase of the Computer Study Committee report is a recommendation for the purchase of a specific computer which is under advisement by the Selectmen at present.

The Personnel Study Committee which was formed in 1981 at the direction of the Town Meeting presented the Selectmen with a policy covering non-compensation items with the intent to continue to work with the Selectmen to develop a concise and complete wage classification program which has been appropriately budgeted for this period.

The Industrial Water Committee recommends efforts be directed to allow Merrimack Village Water District to expand into the Bon Terrain area from South Merrimack in cooperation with the Park's developer. This plan was originally discussed two years previously under Chairman Bert McGill and continues to be the plan that is most beneficial to all parties and has

the support of the majority of the Board of Selectmen. Concerns for the protection of the natural resources and the rights of the Town of Amherst have been addressed by agreement and preliminary data indicates that the Town will be served well.

The Police/Rescue Facility has been complete and in full operation for a year. The new tenants are happy and satisfied with their new home and with the few "new home bugs" all resolved, anticipate many years of trouble-free occupancy.

The Town Government Study Committee presented to the Board of Selectmen its recommendation for Town Manager form of government. A warrant article has been submitted by petition for inclusion on this year's ballot.

FRANCIS N. PERRY

WELFARE REPORT 1981

New Hampshire Revised Statutes Annotated 164 and 165 regulate responsibility for welfare assistance on the Town level. Funds are appropriated at Town Meeting.

Both lack of funds available on the State level and the trend toward deinstitutionalization will, in the fiscal year 1982-83, likely create havoc in the welfare budgets of municipalities in the State. One juvenile sent out of town to a home could consume a major share of our proposed doubled welfare budget. Liability on this issue may be resolved within the year, yet we must plan for the eventuality of disproportionately high costs related to juvenile problems.

ALICE (BETTY) ARNOLD, WELFARE OFFICER
ELIZABETH (PIXIE) LOWN, WELFARE OFFICER

REPORT OF HIGHWAY AGENT

Winter Maintenance Appropriation \$146,228

The winter maintenance program covers all the Highway Department work from mid-November to mid-March. All snow and ice removal (24 storms) is charged to this account. We are trying to cut down on the use of rock salt on our roads during the winter months. We have posted signs in various parts of town stating "Caution Limited Salt Use" in our efforts to make the public aware of this cutback and to inform them that they will have to decrease their speed of travel on the roads. We have increased the amount of sand which we apply to the roads. Consequently, this does not give us a savings, as it requires more cleanup time in the spring. It also takes a longer time before the roads are safe for travel during a storm.

The winter maintenance account also covers the cutting of trees and chipping brush during the winter months. Due to the winter storm we experienced in early December, we cut trees and limbs from 25 trees which had been blown down along Mont Vernon Road, Austin Road, Christian Hill Road, Old Manchester Road, Old Milford Road, Boston Post Road North, Horace Greeley Road, Stearns Road, Pond Parrish Road, Lyndeboro Road, Brook Road- Georgetown and Madison Roads, Bloody Brook Road, Old Mont Vernon Road and Thornton Ferry Road II.

The Town equipment consists of one grader, one tractor, six trucks and eight hired trucks with plows which we use for clearing and maintaining our roads.

Summer Maintenance Appropriation \$66,396

From mid-March to December 1, all of the general maintenance work performed by this department is covered under this account. This includes the grading and York raking of our 34 gravel roads, several times during these months. We also spot gravel, maintain and replace culverts and install catch basins, cut banks and ditches, maintain shoulders throughout our black road system, machine and hand cut brush and trees, set posts and signs on all roads. In 1981 we spot graveled Old Manchester Road, Thornton Ferry Road II, Spring Road, Nichols Road, County Road, Pine Top Road, Brook Road, Austin Road, shoulders on Jones Road, Boston Post Road North, Upham Road and Lynch Farm Road. We installed two catch basins on Christian Hill Road, one on Bloody Brook Circle, we repaired a catch basin on Lord Jeffrey Drive, replaced culverts on County Road, repaired culverts on Brook Road, Chestnut Hill Road, Upper Flanders and Thornton Ferry Road II, installed a culvert on the gravel section of Boston Post Road North. We also repaired culverts on Sherburne Drive, Ravine Road, Spring Road, Stearns Road, Aglipay Drive, Green Road and Lyndeboro Road. As fall approaches we clean out ditches, flush out culverts and clean out catch basins. This takes approximately four weeks of our work schedule.

Oiling Appropriation \$65,666

In 1981 we again used an emulsion, which is a pollution free surfacing material. The cost of this material was \$37,721.39. These roads were Ponemah Hill Road, North Hollis Road, the north end of Mack Hill Road, Old Coach Lane, Flanders Road, Roberge Drive, Deerwood Drive, Danbury Circle, Newbury Drive, Madison Lane, Georgetown Drive, Williamsburg Drive, Honeybrook Lane, Ravine Road, Austin Road, Brookwood Drive, Pavillion Road, Spring Road, Lake Road, Border Street, Christian Hill Road, Eaton and Green Roads, Pinewood Drive, Caldwell Drive, Nathaniel Drive and Corduroy Road. Included in this oiling category is the cost of patching and sweeping of these roads prior to oiling. Due to pollution, we no longer apply waste oil to our dirt roads for dust control.

Town Road Aid \$19,599.99

This road improvement program was originated in 1947 by the State for the purpose of assisting towns in their road improvement. It is funded 85% by the State and the balance by the Town. It is jointly supervised by the State and the Town. In 1981 we replaced the bridge on the Mont Vernon Road with two culverts and resurfaced approximately 500 feet of road.

Gas Subsidy Appropriation \$66,646.00

This program was initiated by the State in 1971 for the maintenance, construction or reconstruction of town roads. It is 100% funded by the State. During 1981 we finished graveling and paving 1100 feet of Old Manchester Road and 1700 feet of County Road. We replaced culverts on Horace Greeley Road and Eaton Road. We worked on culverts on Walnut Hill and Schoolhouse Roads. We installed a new culvert and catch basin on Belden's Mill Lane and Court House Road, installed new catch basins on Douglas Drive and Hickory Drive, Ridge-wood Drive and Eaton Road.

Road Improvement Appropriation \$13,450.00

In conjunction with the money left in the Bridge Article, we did shimming and paving on the Boston Post Road South at the Souhegan River Bridge. As in the past two years, we worked with the Amherst Village Water District on the shimming of several streets in the Village which involved their water lines. This completes this present shimming program.

Parks and Playgrounds Appropriation \$11,020.00

The work done under this category includes the maintenance of the Town Commons, the Library, Wilkins and Clark School grounds, two playgrounds as well as the Old Brick School. This covers the raking and gathering of leaves, mowing and trimming of grass, maintenance of park fences, cutting of trees as well as collection of trash on the Commons and at the schools. During the summer months we provide trash barrels on the Commons and at the schools. We feel that this has helped to keep the Village areas picked up and we wish to thank everyone for their cooperation.

Cemeteries Appropriation \$11,750.00

Amherst has four cemeteries which this department maintains. Meadowview Cemetery, Cricket Corner Cemetery, Chestnut Hill Cemetery and the Old Cemetery behind the Town Hall. The maintenance covers the raking, trimming, mowing of the cemetery as well as loaming and seeding many areas in Meadowview. In 1981 we made 18 burials in Meadowview, one in Cricket Corner and one in Chestnut Hill. Unfortunately, in 1981 there was extensive vandalism to the gravestones in Meadowview Cemetery at the cost of \$6,700.00. The cost of these damages was paid for entirely from accumulated funds in the Cemetery Perpetual Care account.

As you consider our budget for 1982-83 we ask that you refer to the Road Commission's Report for further explanation.

Your Highway Department garage is located on Dodge Road. Our office is open Monday through Friday from 8:00 to 2:00 P.M. Our work day is from 6:30 A.M. to 3:00 P.M. During the months of June, July and August we anticipate that we will again be on a four day work week. During major storms we try to have one of our personnel answering the telephone calls at 673-2317. The Road Agent's home telephone is 673-1293. Our staff consists of one road agent and eight regular employees, comprised of light equipment operators, heavy equipment operators, laborers and a secretary. We also employed three part-time laborers during the summer months.

I would like to thank the Board of Selectmen and the Road Commission for their assistance and guidance during 1981 and to the taxpayers of Amherst for their continued support. We appreciate receiving your comments and suggestions on how this department can better serve the community.

RICHARD G. CROCKER, ROAD AGENT

ROAD COMMISSION REPORT

The Road Commission holds their bi-monthly meetings on the third Thursday of every other month beginning in February. We have also called a special meeting to discuss budget and a bridge replacement program which we presented to the taxpayers at Town Meeting in March 1981. This year the Commission made two road inspections, namely Pulpit Run and Fieldstone Drive.

Since budgets are presently the foremost subjects, we felt that it should be brought to your attention that the Highway Department budget increased approximately 8% from 1979 to 1980, approximately 5.24% during the 1981-82 budget year, which was an 18 month period and the proposed 1982-83 budget will only show an increase of approximately 2.5% over last year's. In addition, the Highway Department returned to the Town \$19,081.84 of the 1981-82 budget appropriation. This relatively small increase is due to a number of budgetary considerations which we feel the taxpayers of Amherst should be aware of. These will consist of: the cut back in spray patching, fertilizer, calcium chloride for dust control, and the painting of traffic lines. We have eliminated one full-time employee and substituted part-time help when needed. We have cutback on picking up alongside the roads, and on additional road signs. We have not increased our capital reserve funds to meet inflation. We have prolonged our building maintenance. We have eliminated any large rebuilding or upgrading projects as well as cutting back on culvert replacement and catch basin installations. If it is necessary for the Highway Department to further cut their budget drastically, this can be accomplished. However, the following services will have to be cut back further or in some instances, eliminated completely. There would be a cut back on the resurfacing of roads and on the gravel applied to dirt roads; elimination of our shimming program as well as painting traffic lines. We would no longer remove the sand from the roads after oiling, or after the winter months. Snowplowing would be cut down, i.e., we would allow the snow to accumulate to a greater depth before removal. Assuredly, this will result in more school closings. We would eliminate the replacement of culverts, catch basins, tree cutting, stump removal, as well as fertilizer, loam and bark mulch. We would stop sanding dead end streets, except in an emergency. We would reduce the cutting of brush by machine. We would close the landfill one more day, having it open only two days a week. We would no longer perform services for other town departments. We would eliminate our budget appropriations for capital reserve funds. In 1981 we replaced the deck on the bridge at Corduroy Road and Route 122, thus widening the roadway to 24 feet. We also installed steel beam guard rails, which have also been a great safety feature. We are hoping to have a study done on the Merrimack Road bridge within the coming year which will enable us to present some alternatives for the upgrading of this bridge to the Town in March 1983.

MERIC ARNOLD

EVERETT LEACH

STEPHEN DUGGAN

AMHERST FIRE DEPARTMENT

The Department responded to 155 calls of which seven were major structure fires as compared to 166 calls last year with four major structure fires.

<u>Amherst Fire Calls</u>			
Structure Fire	7	Permit Fires	2
Smoke Investigation	16	Furnace	1
Car Fire	6	Pail Warmer	1
False Alarm	36	Gas Pump Building	1
Chimney	29	Water Tank Leak	1
Gas Wash	6	Wood Shed	1
Car Accident	3	Transformer	1
Tree Limb	4	Rekindle	1
Brush	14	Pot on Stove	1
Grass	3	Oven	2
Electrical Problem	4	Rubbish	2
Kitchen Stove	1	Outdoor Grill	1
Woods	2	Stove	2
Sofa	1	Pile of Leaves	4
Mattress	1	Jeep thru ice	1

Mutual aid was received 14 times and supplied 11 times out of town.

The Amherst Fire Department is composed of four engine companies which man and equip two stations - Central Station in the Village and South Station on Stearns Road. Listed below are the stations, their equipment, officers and the number of calls to which each engine responded.

Central Station

Engine One: Responded to 121 calls
Captain David Hanlon
Lt. Tom Grella

Engine Two: Responded to 12 calls - Ladder 1 responded to 45 calls
Captain John Moorhouse
Lt. Walt Nelson

Engine Three: Responded to 105 calls
Captain Mike Riccitelli
Lt. John Raymond

Engine Four: Responded to 37 calls
1977 International 4 Wheel Drive brush truck

Tanker One: Responded to 17 calls
A military vehicle which has water capacity of 2,000 gal.

South Station

Engine Five: Responded to 91 calls
Captain Willis Maloon
Lt. John Bachman

Tanker Two: Responded to 10 calls
A military vehicle which has water capacity of 2,000 gal.

Utility Van: Responded to 45 calls
A 1972 vehicle which is equipped with a cascade system and other equipment.

To report a fire dial 673-3131. This is the number of the Milford Communications Center which handles all fire calls for Amherst, 24 hours a day. Please give property owner's name, street name, house number and the town when reporting a fire.

A combined drill with all companies is held on the first Monday of each month. Each company holds a practice drill on one of the following Mondays of that month.

The Fire Wards wish to thank members of the four engine companies for all their time and efforts in 1981. Also, our thanks to the Board of Selectmen, Barbara Landry and the people of Amherst for their support.

MARSHALL STRICKLAND, CHIEF
RICHARD G. CROCKER, FIRST ASSISTANT CHIEF
DAVID HERLIHY, JR., SECOND ASSISTANT CHIEF

FIRE PREVENTION BUREAU

During 1981 members of the Bureau conducted 63 wood stove inspections. The wood stove inspections are done at the request of the home owner at no charge. Any resident of the Town of Amherst who would like to have their wood stove installation, chimney or home inspected may call Lt. Walt Nelson 673-8371 or Capt. Mike Riccitelli 673-0642.

Again this year, during Fire Prevention Week members of the Bureau visited the schools to present the Captain No-Burn Program. The second graders were given T-shirts and a coloring contest for the first graders was held with the winners getting T-shirts. Also during Fire Prevention Week the kindergartens visited the fire stations.

During the year the Bureau conducted five fire extinguisher courses. Three of these courses were given to the Cub Scouts. The Bureau would like to remind everyone that we would put on a fire extinguisher course for any group or organization at their request.

This year we are featuring fire prevention articles in the Milford Cabinet informing the public about various fire prevention measures you can use within your homes.

Members of the Bureau are: John Backman, Bruce Bowler, Richard E. Crocker, John Moorhouse, Walt Nelson, John Raymond, and Mike Riccitelli.

The Bureau would like to thank all those who have worked and assisted us in our activities during 1981.

MIKE RICCITELLI, CHAIRMAN
BRUCE BOWLER, SECRETARY

AMHERST RESCUE SQUAD

In 1981 the Rescue Squad responded to 367 calls for medical assistance including 52 calls to Mont Vernon and 11 Mutual Aid calls to surrounding towns. Of these calls, 178 were for illnesses or chronic medical problems, 86 for motor vehicle accidents, 85 for other trauma, and the rest were either standbys, cancelled calls, or other rescue/medical problems. Squad vehicles and equipment were demonstrated to 14 Amherst organizations.

The year was an exciting one for the Squad with the move into the new quarters at the Police/Rescue Facility in February, the initiation of new types of rescue training throughout the year, and the new radio system placed into service in July.

The new quarters have resulted in a significant boost to morale and Squad membership now stands at 46 members, the highest sustained membership in its history. The facility has also enabled the Squad to better maintain its equipment and provide improved service, as well as a savings in costs of supplies through bulk purchasing.

New training in off-road rescue techniques began following the determination in late 1980, that the Squad was to be the department responsible for rescue operations within the Town and the purchase of basic equipment necessary for these operations. Dry suits, line and throwing devices for ice and water rescue, as well as climbing equipment were acquired and training in these types of rescue was implemented. Training exercises were held at Dream Lake through ice during the winter and during the warmer months at Joe English Reservation and Purgatory Falls where there are high rocky areas which make medical care and rescue difficult.

The new radio system, operating on 155.160 megahertz, provides a more reliable communications system for both tone out of members to a call and for operational communications. And coupled with the small emergency generator approved by the Selectmen, the system will assure improved communications during power failures.

Medical training has not been forgotten and in addition to the monthly Squad training in standard emergency medical skills, the majority of Squad members have been trained in the advanced techniques of the use of the EOA to provide an emergency airway and MAST (medical anti-shock trousers), a life saving device developed in Viet Nam to combat shock.

Squad members wish to thank all of the residents of Amherst for their continued support. Anyone wishing to see our quarters or equipment, or learn more about the Squad should feel free to drop by the building or contact any Squad member.

5,234 Incidents in 1979	2,737 Incidents in 1975
4,723 Incidents in 1978	2,058 Incidents in 1974

Significant advances were made in 1981. On January 30th the Police Department relocated to the new Police/Rescue building. Having a functional facility was immediately reflected in an escalation of morale within the department. Officers actually have adequate space to efficiently perform assigned tasks.

At our open house attendance was good but not as large as anticipated. The reaction from all that were present was favorable. Townspeople, who have not seen our quarters are invited to come and tour the facility.

In July Gary MacGuire assumed the duties of detective/juvenile officer with the rank of Sergeant. This is a first for the department and provides the man hours necessary for investigations and juvenile problems.

Crime prevention is a major goal of the department. Security inspections of both home and business establishments have been conducted and recommendations applied to those utilizing this service. Just call, please don't wait until after the fact to have us assist you. Minimal changes can mean the difference between an "easy mark" or "too secure to bother with". A second program which was implemented is Neighborhood Watch. Officers of the department meet at coffees or meeting rooms and instruct groups on how to become involved in looking out for their neighborhood. This is not a "vigilante" patrol method as depicted on television, but being aware of your neighborhood and calling the police if strangers or suspicious activity is noticed. Handouts for this program were provided by the Milford Rotary.

Amherst had a police cadet due to the generosity of an Amherst citizen. This program was not requested for 1982 to conform with minimum budget requirements.

Our Explorer Post #194 for youth, age 14-20, is active but greater participation is desired.

Good Morning Amherst continues at a moderate level. There must be more than twelve people that need this service. If you know of an elderly or invalid living alone, please refer them to us. We care and desire their participation in this program.

The members of the Amherst Police Department appreciate the support received and will continue to maintain the community as a safe place to live.

HIGHWAY SAFETY COMMITTEE

The Amherst Highway Safety Committee consists of the following members:

John T. Osborn, Jr., Chief of Police
Marshall Strickland, Fire Chief
Gustav Just, Chief of Rescue
Richard Crocker, Road Agent
Roy Maston, Civil Preparedness
Francis Perry, Selectman
Robert Prew, Citizen
Alexander Blastos, School

The Highway Safety Committee convened four times during 1981 to review requests or recommendations for traffic control, signs, or lighting. Action taken on these items was forwarded to the Selectmen.

One street light installation was recommended at Mack Hill Road and Woodland Drive. Construction at 101A/122 intersection is progressing on schedule, however, we must live with this until next fall.

DOG OFFICER'S REPORT

The State of New Hampshire requires all dogs over the age of three months to be licensed under RSA 466:1. Each year, there appears to be some confusion regarding this procedure. The licenses expire on May 1st. The State allows one month grace period but after June 1st a \$1.00 per month penalty is assessed. The notice is posted year round in the Town Hall and in the local paper during the month of April advising that the licensing fee is due. In 1981, I contacted approximately 400 people who had forgotten or neglected to license their dogs.

1,197 dogs were licensed in 1981 in the Town of Amherst.

In 1978, the Town adopted the State Dog Control Law. That year, there were 599 complaints. After three years, the number of complaints has dropped to a total of 370 in 1981. This reduction in the number of incidents is due to an increased awareness of the animal owners of their obligations and duties regarding their dogs.

There were 107 dogs impounded last year. Eighty-four of these dogs were released to their owners and 23 were adopted. None had to be disposed of due to the efforts of the owners of Nottingham Kennel who find homes for unclaimed animals rather than have them destroyed.

There were 314 complaints of dogs being a general nuisance.

Another 26 complaints were of dogs harrassing or killing livestock or pets such as rabbits and ducks.

Thirty dogs were injured or killed by motor vehicles. In one instance, a driver swerved to avoid the animal causing the vehicle to go out of control and roll over. This accident could have ended in tragedy but fortunately the driver escaped with minor injuries. The responsibility in this case was clearly with the dog owner.

In conclusion, I would like to thank the townspeople for their continued cooperation in the efforts to make animal ownership more pleasant for all Amherst residents.

NANCY DEMERS, DOG OFFICER

AMHERST CONSERVATION COMMISSION

The main thrust of the conservation commission this year lay in the area of land management. The wild flower garden along Hammond Brook in Joe English West moved many steps toward becoming a reality. Betsey Gillespie, with the welcome assistance of the Amherst Gardeners and other commission members, planted some five species of shrubs and 21 of flowers and edged the paths in the garden with logs. A durable bridge was constructed at the foot of the beaver pond in Joe English East. Design engineer Bill Anderson and Thornton Stearns provided the main labor, and the Amherst Lionesses raised the funds for the materials.

With leftovers from that construction plus recycled materials, Chuck Bacon and Thornton Stearns built two long-needed smaller bridges where Clean Brook crosses the trail to Lookout Rock. Several members joined in reopening and blazing the long-disused Scout Trail in Joe English East.

The commission initiated serious long-term land management planning with a survey of conservation lands carried out by Karen P. Bennett, Assistant County Extension Forester, and presented by her at the November meeting. Parts of the Joe English Brook Reservation complex and the Sherburne tract along the Souhegan River are suitable for forest improvement, though in some instances, access by vehicle is another matter indeed.

The commission continued its efforts toward the protection and best use of the town's natural resources, especially in the areas of wetlands and watersheds. While dredge-and-fill inspections dropped off because of the national economic situation, this purely advisory, enlightened-layman activity remains one of high priority and, because it frequently must face the conflict between public interest vs. private rights, one of definite controversy. A state-requested project in progress is the identification of prime wetlands within the Town. At the December meeting Elisabeth Barrett was named to head a subcommittee which will focus on these phases of the commission's work.

The commission continues to sponsor Boy Scout Troop 22, and is currently working with Kurt Schletter on his Eagle Scout project at the Minot Ross Bird Sanctuary, which fronts on Thornton's Ferry Road No. 1 and Route 101. Kurt's activities will include posting the 22-acre wetland tract against hunting and constructing and setting up a variety of bird houses. Stephen Chase was sponsored by the commission at the conservation summer camp of the Society for the Protection of New Hampshire Forests.

The B&M railroad bed - two pieces running west from Walnut Hill Road and east from Baboosic Lake Road - was finally acquired late in the year. Other tracts were examined with an eye toward purchase, but no action was taken.

New to the commission this year was the Selectmen's appointment of alternates. The input, both physical and mental, of David Atkinson, Oliver Holt and Jack Conaway (resigned) has been of great help.

RECREATION COMMISSION

Whether geared for adults, youth, or families, programs and activities sponsored by the Amherst Recreation Commission continued to be plentiful in 1981.

The Baboosic Lake season was particularly successful. A total of 1091 season memberships were sold representing over 300 Amherst families who used the Town beach facility. Guest registrations accounted for 1143 others who came to the beach during the summer.

Registrations for other beach activities included Arts and Crafts (105) swim lessons (471), and the Baboosic Lake Swim Team (52). Participation and enthusiasm in the swim team program is particularly noteworthy.

The new staff position of Beach Coordinator resulted in much smoother management of beach affairs. The staff of Beach Coordinator, 5 full-time instructors, 3 part-time guards and gate attendant did an outstanding job throughout the season.

ARC youth activities continued to be a backbone of its scheduled programs. Over 1300 boys and girls participated in baseball (4 leagues/27 squads), softball (3 leagues/16 squads), soccer (4 leagues/27 squads), and basketball (4 leagues/24 squads).

Under the direction of coaches Bill Goodwill and Bill Wilkinson 30 members of the Amherst Youth Track Team competed among 450 others in the New Hampshire State Track and Field meet held last July in Concord. The team captured 30 places within the 30 running events held. In 9 events two Amherst runners placed among the top six. Seventy-nine boys and girls were registered for the spring youth track program.

A series of ARC summer town tennis tournaments proved to be popular for those who participated. As in the past, group tennis lessons for men, women and children were held in the spring and summer on the Middle School and Davis Lane courts. Plans are in the making for having the town courts resurfaced in 1983 with capital funds available for that purpose.

Adult basketball and volleyball, Adult Enrichment courses, and the 4th Annual Ski and Skate Sale continued to be popular ARC community services and activities. The Amherst Outing Club scheduled a wide variety of seasonal outings for the 232 active members, which represent a total of 56 individual and family memberships.

As ARC programs have developed and flourished over the past years, greater demands have been placed on both facilities and volunteers needed to make them work. This is particularly true if all who register for an activity are to be assured an equal opportunity to participate regardless of ability.

The Commission is actively pursuing long range plans to improve and increase field space available in the community for recreational activities of all kinds and for all age levels.

Demands on the time and energy of the five member Recreation Commission to accomplish the various details required to provide programs for the community have also increased. Although hundreds of volunteers spend untold hours in various ARC programs, more help is needed if such programs are going to function properly.

Two particular groups that have helped so much and in so many ways during the year are the Amherst Highway Department and Amherst School District custodial personnel. To them a special vote of thanks and appreciation.

To the parents who come forth as coaches and referees in the different seasons, let it be said that none of it could happen without you. Our many thanks for everything.

1981 JULY 4th REPORT

Theme: "Get in Gear, Be an Amherst Volunteer"

Winning Floats: Best Overall - Gen'l. Moses Nichols Perpetual Challenge Memorial Trophy Milk Can - P.T.A.

2. Most Original - Rev. John Ward Plaque - Newcomers

3. Most Colorful - Trophy - Jasper Valley Swim and Tennis Club

Speaker of the Day: Jane Olszewski

Float Judge: Float Captain Jeanne Davis

Citizen of the Year Award: Peter and Ann Bergin

New for 1981: July 4th Eve Band Concert, new Bunting for

Reviewing Stand, Lioness Club Bike and Carriage prizes.

Events of the Weekend: Friday, July 3rd Nevers Band Concert
Wilkins School

Saturday, July 4th: Booths on green
Lioness Bike & Carriage judging
Historical Buildings open
Parade
Ceremonies

Rescue Squad demonstrations

Gymnastic Village Gym Show

Sunday, July 5th: Round Robin Softball Tourney: final
game postponed due to rain,
Winner: Recreation Commission Team
(sponsored by the Jaycees)

Guest: U. S. Senator Gordon Humphrey

Weather: Cloudy, rainy except during parade and ceremonies!!!

The Committee planned a three day celebration since the 4th fell on a weekend. All went well, except for the final rained-out softball game.

ANN CONNELL BERGIN, CHAIRWOMAN

COMMITTEE: PETER F. BERGIN, RAY NOLAN, FRANCIS PERRY, DOTTIE SULLIVAN, LINDA AND DAVID HANLON, LOUISE AINSWORTH, GARY COWENHOVEN, GEORGE AND MAURA SCOLLIN, FRAN CAMELLO, REGINA AND JOHN WELCH, KEN MILLER, JOANNE OSBORN, JEANNE DAVIS, BOB CONNOLLY, TOM GRELLA

Recognition to Amherst's: POLICE, FIRE, RESCUE AND HIGHWAY DEPARTMENTS FOR GREAT ANNUAL ASSISTANCE.

MEMORIAL DAY

Amherst observed Memorial Day on Saturday, May 30, 1981, on a weatherwise good day. Present were Town Officials, Town Scouts, D.A.R. and local color guard. Plants were sold on Pierce Common by the Amherst Garden Club. Providing march music were the Amherst Middle School Band and Milford Area High School Band.

PETER F. BERGIN, CHAIRMAN

ZONING ADMINISTRATOR'S REPORT

Glancing at the forty proposed amendments to the Zoning Ordinance might suggest that a great deal of new legislation is being proposed; however, a careful reading of these changes will make it apparent that the overall intent is to clarify meaning, to eliminate superfluous rules and language, to eliminate contradictions, and to simplify procedure.

In essence, the intent is to commence to make a concise and logical ordinance. Revision of the Zoning Ordinance is implicit if it is to continue to reflect the wishes of the Townspeople. Those wishes are best collectively expressed at Town Meeting.

Copies of the amendments are printed under Article 2 of the Town Warrant.

Report for the Year 1981

<u>Permits Issued For:</u>	<u>Permits</u>	<u>Value</u>
New Residences (46 units)	36	\$4,420,000
New Commercial - Industrial	11	2,500,000

Building Inspections		1165
Meetings		38
Violations		60
Complaints		<u>142</u>
TOTAL		<u>1405</u>

RUSSELL V. ABBATE, ZONING ADMINISTRATOR

PLANNING BOARD

With the adoption of the Master Plan in 1980, the Planning Board turned its attention toward implementing the goals of the Plan. The Zoning Ordinance Revision Committee is examining several issues with regard to these goals. Some of these issues are: a) reworking the open space regulations to accommodate variable densities where desirable and to further maximize the preservation and use of open space; b) developing an ordinance to deal with multi-unit or multi-family dwellings as well as the condominium form of ownership; c) updating the "planned development" concept. Another area of focus is Route 101A which many feel is an unrecoverable

"Coney Island" like section of Town. The Board is studying ways to improve and "save" this main entrance to Town. A suggestion by one of the local architects was to create an arcade of red maples or similar tree. This is being incorporated into our reviews of the area. Also, we were finally able to get a determination from the State Commission of Public Works on the widening of Route 101A in Amherst to aid in our planning for this area. The Board, in cooperation with the Fire Department, has developed a set of criteria to be used in plat review to provide for as much fire protection as possible for proposed developments and subdivisions.

Both the Planning Board and the Zoning Administrator have worked closely to develop a package of some forty changes to the current Ordinances to correct internal inconsistencies. These should make the task of interpreting and enforcing the Ordinances much easier than it is at present. It is hoped that within the next two or three years, the Town will have an Ordinance which implements the Master Plan and permits its growth along the path determined by the Townspeople.

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment held 14 public hearings and one special meeting in 1981. Thirty-six cases were heard: 7 special exceptions, 22 variances, 2 appeals from administrative decisions, 1 temporary use permit, 3 re-hearings. One previously granted variance was rescinded.

The disposition of the cases was as follows:

<u>Variances</u>	<u>Approved</u>	<u>Denied</u>	<u>Total</u>
Expansion of Commercial	2	0	2
Structure in Watershed,			
Floodplain or Wetland	2	2	4
Change in Use	2	4	6
Elderly Housing	0	1	1
Less than minimum setback	2	1	3
Sign	1	2	3
Non-conforming use	2	0	2
Private Way	1	0	1
TOTAL			22

<u>Special Exceptions</u>	<u>Approved</u>	<u>Denied</u>	<u>Total</u>
Change in use	0	1	1
Elderly Housing	2	0	2
Home Occupation	2	0	2
Commercial use of Wetlands	1	0	1
Professional Offices	1	0	1
TOTAL			7
<u>Temporary Use</u>			
Sign	1	0	1
Requests for Rehearings	3	3	6
TOTAL			7

The Board of Adjustment performs its function as delineated by the Amherst Zoning Ordinances. The members of the Board of Adjustment recommend that all citizens become familiar with the Zoning Ordinances. If you have any questions regarding Board of Adjustment procedures, or need assistance in filing an application, please contact the Zoning Administrator at Town Hall.

TREE COMMITTEE

In 1981, the Amherst trees suffered serious defoliation as a result of infestation by the gypsy moth larvae. Due to this situation, the Tree Committee deferred all planned purchases of nursery stock except for one flowering crabapple which was planted by the museum. Our efforts this year were largely directed toward trying to help the ornamental plantings survive the devastation caused by the caterpillars. We pruned, sprayed and fertilized by root feeding all the trees that seemed to be in the worst condition. As of this date, we have not lost a tree to this pest.

During the winter we contracted for some large tree pruning and the removal of several trees that were either dead, diseased or presented a threat to safety.

The Tree Committee is very grateful to those village homeowners who helped fight the invasion of the gypsy moth by spraying town shrubs and trees near their homes when they were trying to save and protect their own plantings.

TERRY MAYO, CHAIRMAN
RICHARD GRIFFITH
ANN TAUSSIG

SOUHEGAN COMMUNITY NURSING ASSOCIATION

The Souhegan Community Nursing Association serves the towns of Amherst, Milford and Mont Vernon. Visits by a registered nurse or by a homemaker home health aide are available to anyone in these towns, with a physician's orders, regardless of their ability to pay.

This year 519 nursing visits and 195 homemaker home health aid visits were made to Amherst residents. The homemaker home health aide works under the supervision of a registered nurse. Some of their duties include personal care, meal preparation, light homemaking duties, grocery shopping, and providing emotional support. In many cases this help has made it possible for the patients to remain in their own homes.

Office visits may be made at the Nursing Association Building on North River Road in Milford for blood pressure checks and injection ordered by a physician. These visits are scheduled between nine and ten A.M. Monday through Friday or by calling the office to make an appointment.

Immunization clinics are held on the third Tuesday of every month, except July, from nine to eleven A.M. These clinics are free of charge to all residents of Amherst, Milford and Mont Vernon. The vaccines for these clinics are furnished by the State Department of Health and Welfare. This year 119 immunizations were given to Amherst children. A Well Child Clinic is held once a month. Appointments are made for the child to be seen by a pediatrician if the family is financially eligible. This year 21 physical examinations were given by a pediatrician for Amherst children.

Dental clinics are held twice a year. These clinics are co-sponsored by the State Bureau of Dental Health. There were 64 Amherst children that attended our dental clinics this year.

Our free blood pressure clinics on Monday afternoons are well attended. This year 1,292 blood pressures were checked. A diabetic screening is held twice a year in February and August. Forty-one people attended these screenings.

We also loan hospital equipment such as wheelchairs, beds, commodes, crutches and walkers free of charge.

MARION JACKSON, R.N., DIRECTOR

COMMUNITY COUNCIL OF NASHUA, INC.

The Community Council is a private, non-profit, comprehensive mental health center serving the residents of ten towns in southern Hillsborough County. Funding for our services is derived from a combination of sources: a State grant-in-aid; a Federal operations grant; income from patient fees; United Way support; and support from local governments. Each dollar of local support enables us to generate both State and Federal monies at extremely attractive ratios.

During the previous year, 48 Amherst residents were provided mental health services at the Community Council. Of these, 29 were new admissions, which represented 2.1% of our total new admissions for the period. However, 6.5% of the population served in Community Council's catchment area is from Amherst and could potentially avail itself of our services.

Costs involved in providing care to our clients during the past year are broken down by service as follows: the cost of providing an hour of outpatient service was \$60.76. The 46 Amherst clients in our outpatient program used 226.25 hours of service. Six Amherst residents received inpatient care last year for a total of 39 inpatient days. One Amherst resident was served by our Partial Hospitalization program. Amherst clients availed themselves of our 24-hour per day, 7-day per week emergency services through 115 telephone and 28 face-to-face after hours contacts.

Consultations and Education services are provided to agencies on a regular basis, above and beyond contracted services which are not included in this request.

Outpatient Services (adults & children)	\$13,747.00
Inpatient Services	1,631.00
Partial Hospitalization	49.00
Emergency Services	3,406.00
Consultation & Education	6,869.00
TOTAL COST FOR AMHERST	<u>\$25,702.00</u>

Of our \$1,857,269.00 Federal and State approved budget, \$147,398.97 in local support, including United Way, is needed by Community Council to continue providing services. Amherst's share of this need for the period July 1982 through June 1983 was determined by the calculation process mentioned above, which was subsequently reduced by United Way contributions.

\$147,393.97 x 4.0% (historical + population)	\$5,895.76
Less United Way Support	4,508.40
TOTAL REQUEST FROM AMHERST	<u>\$1,387.36</u>

As always, we certainly appreciate your consideration of our request and your serious consideration of your support's meaning in actual dollars toward service delivery to your residents. Your generous past support has contributed significantly to mental health care in the area.

CAROL S. FARMER, DIRECTOR OF ADMINISTRATION

SOUHEGAN REGIONAL LANDFILL DISTRICT

1981 OPERATING EXPENSES BELOW BUDGET. For the second straight year the expenses of operating the Souhegan Regional Landfill were less than the amount budgeted even though there was a significant increase in the volume of refuse received and processed. Appreciable savings were recorded in the equipment maintenance, site development, engineering services and legal services accounts. Lesser savings were achieved in the cost of fuel account and in administration expenses.

These results were due to the effective preventative maintenance programs applicable to the mobile equipment owned and operated by the District, the excellent excavation arrangement reached with the Town of Amherst, and conscientious management of all phases of operations by the members of the District Committee and the District's contractors.

1981 INCOME EXCEEDS BUDGET. Fees paid by commercial haulers were greater than anticipated because of increased volume and rate charges that are in line with those applicable at the landfills in most adjacent towns. Short term investment of equipment reserve, income, retained surplus and operating funds resulted in greater than expected income due to the high interest rates available for most of the year.

1982 OPERATING BUDGET SHOWS ZERO GROWTH. Even though the amount budgeted for each of the line items that make up the operating budget are equal to or greater than the amounts budgeted in 1981, the total operating budget of \$134,077 is \$39 below 1981 and \$70 below 1980. This is possible because of a reduction in the capital account payment, transfer of surplus achieved in 1981, and a projected increase in 1982 income.

The estimated cost of hauling trailers to the Landfill from Brookline, Hollis and Mont Vernon is increased for 1982 by \$5040 due to an additional trailer being hauled each week from both Hollis and Mont Vernon. Each sending town is billed quarterly for the actual hauling costs applicable to the town.

LONG RANGE PLANNING. During the past two years each of the sending towns, Brookline, Hollis and Mont Vernon, have re-scheduled the days and hours that their "dumps" are open. A greater amount of refuse is being received on weekdays thus virtually eliminating the problems previously encountered on weekends. With the present equipment the District will be able to handle a 33% increase in volume from Hollis and about a 50% increase from Brookline and Mont Vernon.

The newly excavated portion of the Landfill will be open in mid 1982. Based on engineering projections the life expectancy of the Landfill extends for 7½ to 14 years depending upon the volume of waste actually generated. The District Committee is staying abreast of the latest developments in solid waste disposal techniques so that facilities will be available to the District's member towns when the space at the present Landfill is exhausted or when a more economic system becomes available.

Submitted on behalf of the District Committee by

WILLIAM I. MARBLE, Chairman

CIVIL PREPAREDNESS

The Civil Preparedness personnel have attended seminars and courses covering new regulations, handbooks, and implementing procedures for state and federal assistance. A special course in natural hazard management including hazard identification, hazard mapping, codes and ordinances, disaster operations, recovery operations, establishing priorities, and local regulatory policies for local government was also attended.

We are looking for volunteers who are capable of establishing and operating a communications network in support of the Town's Emergency Plan.

The office of Civil Preparedness will be working in 1982 to inventory and catalog the Town's resources. Anyone wishing to help with this plan, please contact the Civil Preparedness Department.

ROY E. MASTON, DIRECTOR
HARDING C. SORTEVIK, DEPUTY

NASHUA REGIONAL PLANNING COMMISSION

1981 has been a year of change and transition for the Commission with great progress being made in the expansion of assistance and services available to member municipalities.

With the continued leadership of Amherst's Commissioners, Martin Michaelis and Arnold Wight and alternates Kendall Spencer and William Shockley, the Commission has continued to supply a variety of planning services to the Town. Demographic information was supplied to the school building committee to aid in their deliberations on a new high school for the Town, and information was provided to the Planning Board, Conservation Commission and local residents as requested.

AMHERST TOWN LIBRARY

TRUSTEES' REPORT

Among the functions of public library trustees is future planning. It is their responsibility to survey the services the library provides, anticipate future needs, and to make their best, considered recommendations to the citizens in their town, as to the direction the library should take. The ultimate decisions then, of course, always belong to the voters.

Faced with pressures on services and space caused by town growth, the Trustees of the Amherst Town Library have been considering options for library expansion over the past two years. This has been necessitated by overloaded bookshelves, crowded study space and lack of areas for quiet individual study, lack of working space for staff, storage space, group meeting space and space for large children's programs.

Funded by a \$5,000 grant received in March, 1981 from the Bean Foundation, a feasibility study of various options for increasing library size was undertaken. The options studied were:

1. Use of the Brick School as the Town Library.
2. Expansion of the present library building, and
3. Construction of a new library building.

After contacting and interviewing a number of architects, the Trustees hired Frank Adams of Perry, Dean, Stahl and Rogers to do this study, because of his extensive experience in renovations and library planning. The option of including the public library or a public library branch in any new school building was also studied by the Trustees, but discarded. This decision was reached because of the large, continuing expense of operating a branch library and the record of unsuccessful school/public library combinations in any program that saves money. Studies of successful combined library operations show that they cost at least as much as separate school/town operations. Moreover, these combinations often fail.

The result of the feasibility study of Amherst's options was a report which is available for study by all citizens at the Library. After studying the report and consulting at length with Mr. Adams, the Trustees decided that the town would get the most for its money in a renovation and expansion of the present library. This would result in a doubling of space that should serve the town well to at least a population of 18,000 which is the maximum population for Amherst projected by regional planners. In other words, we would hope that this would be a one-time, lasting expansion. Project costs, including site work, furnishings, renovation, and expansion, would be approximately \$800,000, much of which we hope to raise in the next few years through grants and private donations. We hope that Amherst citizens will make a careful, reasoned study of the reports and of the conditions in the library to help us decide on the course the Trustees should pursue.

In addition to work regarding expansion, all of the usual efforts have been put into regular library operations. New trustees elected in March 1981 were Doris (Deedi) Scott and Richard Heineke. We thank the outgoing trustee, Ryland Cox, for the hours of effort he expended. In addition, Forrest Athey, Jr. was appointed in December to replace Jean Sweeney who had served the library loyally until a move from the area necessitated her resignation. We welcome all these new trustees and are enjoying working with them.

We all were saddened by the death this year of E. Daniel (Johnny) Johnson, who had served the library for years as an outstanding trustee, advisor and friend. We certainly shall miss Johnny's knowledge, fund-raising ability, and sunny humor. The town has suffered a loss with his death.

The death of Marian Williston, a loyal and long-time library employee also left an empty spot on the library staff. Marian had been a library trustee and had become an extremely competent library assistant. She is sorely missed by patrons, staff and friends.

The trustees always owe a big thank-you to the Friends of the Library, ably chaired this year by Jean Pituck. The Friends serve with hundreds of volunteer hours in the library, with programs, and with fund-raising. This year they donated the rental for the book charging machine, an atlas stand in memory of Marian Williston, money for craft activities in the Children's Room, and sponsorship of the Little Red Wagon players this summer. We get by with a lot of help from our Friends!

We thank all those who remember the library in wills, memorial donations, and regular donations and encourage all citizens to think of the library when considering potential donations. An affordable and much-appreciated gift is a magazine subscription for the library. Share your favorite magazine with the whole town and still have it available to you! This year we received \$950 in memory of Johnny Johnson; \$350 from the Amherst Villagers chapter of the Questers for books on antiques and preservation; \$100 from the Amherst Gardeners for books on gardening; \$50.00 per month and a \$500 grant from the Bean Foundation through the Amherst Lions' Club for large-print books; \$250 from the Women's Association of the Congregational Church; \$20.00 from the Amherst Junior Women's Club; \$545 in memory of Violet Connors; \$100, an atlas stand and a clock in memory of Marian Williston. We greatly appreciate all these individual and group efforts to improve the library.

Trustees and staff members have tried to broaden their viewpoints and to educate themselves on new ideas in library management by attending conferences. Of particular interest this year were two conferences on grantsmanship which should help in preparation of future applications and in the search for private monies.

An increase in fines this year has led to some increase in revenues. By New Hampshire state law, all fine monies collected must be spent on book purchases. Since the money allocated for books in the town request has not increased this year, the increased fine revenues will help offset rapid inflation in book prices and keep the number of books purchased closer to the total of last year's purchases than would have been possible, otherwise.

We thank the citizens of Amherst, the Friends, and all the hard-working, dedicated staff of the library. Betty Watson, Director; Ivy Vann, Children's Librarian; Cele Clough, Joedy Allen, Sally Suomala, Liz Fairbairn, Library Assistants; Margie Johnson, Clerk-typist; and the pages for the wonderful library we're able to have.

SIX MONTH UPDATE

Half way through the present fiscal year, 1981-82, new figures have been accumulated as follows:

Total circulation from 7/1/81 - 12/31/81: 41,108

(Total for calendar year 1981 - 82,628)

Volunteer Hours donated from 7/1/81 - 12/31/81: 513 hours

(Total hours for calendar year 1981 - 966 hours)

Total patrons registered as of 12/31/81:

Adult	3,364
Children	1,239
Non-residents	14
Total	4,617

(We'd like to emphasize that all materials for pre-schoolers are circulated on their parents' cards, so an uncounted number of pre-schoolers are also served by the library.)

Activities in the Children's Room during the last six months of 1981 included:

- Summer Reading Program
- Frog Jumping Contest
- Photography Contest
- Writing Contest
- End of Summer Party
- Fall Pre-School Story Hours, including Halloween Party
- Halloween Face Painting Workshop
- Wilkins and Clark School Class Visits
- Christmas Vacation Film Program

The Middle School Library was again open this past summer for eight weeks under the direction of Mrs. Kathie McIntyre. Total usage was as follows:

	<u>Book Circulation</u>		<u>In-Library A-V Use</u>
AF	49	Kits	118
J Fic.	645	Film Strips	4
JNF	213	Records	77
Total	907	Total	199

One hundred two Amherst residents used the library this summer, an 11% increase over last summer. The early afternoon hours of 1:00 to 3:00P.M. were not quite as well received as our previous 3:00 to 5:00 P.M. hours due to conflicts with swimming and tennis lessons and camp programs. Once again, there were requests for evening hours which we will attempt to provide next year if extra budget money for this purpose is approved.

* * *

This past year has seen several changes in our staff. Marian Williston, long-time library assistant, Friend, and a former trustee, passed away in June. In November, Connie George resigned to enter the world of computers, and Margaret Comolli Hales moved to Gardner, Massachusetts when her new husband was transferred to that area.

New library assistant Elizabeth Fairbairn joined the permanent staff in November after working temporarily in the Children's Room while Margaret was on leave.

Ivy Vann, recent Radcliffe College graduate with an AB in English and American Language and Literature, was hired in November as our new Children's Librarian. We welcome both of these new people and hope you will feel free to introduce yourselves to them and let them know of your library needs and interests as you do to the rest of the staff.

The library will attempt to continue to offer the same level of service as has previously been offered to Amherst residents while at the same time maintaining a very tight budget for the coming year. Some book purchases will undoubtedly have to be curtailed, but we will do our best to build a well-rounded collection of useful and popular titles. Space

for study at certain times of the day and shelf room to house the collection are definite problems which the trustees are attempting to rectify.

We want to express our thanks to all those people who have shared their ideas for improvement of the library, those who have donated time for volunteer activities, and the many people who have contributed magazine subscriptions, books, memorial gifts, bake sale items, and exhibit articles to help improve the Amherst library.

BETTY S. WATSON, LIBRARIAN

HISTORIC DISTRICT COMMISSION

The Historic District Commission is charged with the responsibility of reviewing and approving all applications for building permits within the Historic District. During 1981 the Commission reviewed 12 applications. The applications were for renovations or additions to existing structures.

The Commission held numerous meetings in connection with its approval applications. The Commission is interested in the development within the Village District of the Town and is in the process of establishing a collection of materials on the historic preservation of buildings to be used by townspeople.

AUDIT REPORT

The audit of Melanson Professional Association and their Letter Report on Accounting Procedures and Internal Accounting Controls for the year ended June 30, 1981 are available for inspection at the Town Hall during regular business hours.

TOWN OF AMHERST
TRUSTEES OF TRUST FUNDS

BOX 201

AMHERST, NEW HAMPSHIRE 03031

TO THE CITIZENS OF THE
TOWN OF AMHERST, N.H.

The market value of the Town of Amherst Trust Funds, exclusive of the Capital Reserve Funds, amounted to \$353,688 as at June 30, 1981. This is an increase in market value, for the eighteen month period ended June 30, 1981, in the amount of \$64,058 over the market value as at December 31, 1979.

Investment income for the eighteen month period amounted to \$30,406. For the previous twelve month period investment income amounted to \$16,091.

The accumulated income of the Cemetery Perpetual Care Fund, which is but one of the Funds included in the above totals, increased \$13,082 and now totals \$48,567. The income from this Fund amounted to \$18,760 for the period. This sum is sufficient to make the Town of Amherst cemeteries self supporting. Because of the way the law is written, or at least interpreted, it is not possible to fully support the cemeteries from the investment income. As a result, the Accumulated Income will continue to increase to no avail. Your Trustees had hoped that legislation would have been enacted in the last legislative session to alleviate this condition. That did not occur. The Trustees strongly recommend that the Town authorize someone familiar with the issue to pursue the matter through the legislative process in cooperation with the Office of the Attorney General. This would move the matter off dead center where it has rested for many years. We believe that a solution to the problem is not that difficult.

The Capital Reserve Funds amounted to \$291,636 as at June 30, 1981. During the eighteen month period then ended the investment income amounted to \$45,301.

Respectfully submitted,

SYNOPSIS OF TOWN MEETING

MARCH 10, 1981

Acting under Warrant for Town Meeting, polls opened at 7:00 A.M., and closed at 7:00 P.M. at the Wilkins School. 1629 ballots were cast.

Articles 1 and 2 were by ballot vote.

On Saturday, March 14, 1981 Articles 3 thru 26 were acted upon at Middle School. The meeting was called to order by Moderator Wight at 9:20 A.M. Following the pledge of allegiance Moderator Wight read a piece of scripture from Psalms.

Thomas Grella presented Edward C. Masten with an engraved gavel. Mr. Masten received a standing ovation in recognition for his many years of service to the Town.

5205-Civil Defense-	085 Office Equipment	500.00
5206-Rescue-	085 New Equipment	3150.00
5605-Baboosic-	085 Office Equipment	400.00
5901-Library-	Books	2000.00
5909-Zoning Department-	085 Office Equipment	300.00
		<u>\$15075.00</u>

Article #6 - Voted to appropriate the sum of \$2,888.00 to provide employee lockers, letter size file cabinets, waste baskets, a manual typewriter and cell cots with mattresses for the Police/Rescue facility and to authorize the withdrawal of \$2,888.00 from 1981 Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972.

Article #7 - Voted to appropriate the sum of \$9,226.43 for the purpose of purchasing the in-house telephone system for the new Police/Rescue facility and to authorize the withdrawal of \$9,226.43 from 1981 Federal Revenue Sharing Fund established under provision of the State and Federal Assistance Act of 1972.

Article #8 - Voted to appropriate the sum of \$26,800.00 to provide new pagers and change vehicle radio to a new and separate radio frequency as dictated by Federal Communications Regulations and to authorize the withdrawal of \$10,000.00 from Capital Reserve Funds and to further authorize the withdrawal of \$16,800.00 from Federal Revenue Sharing Funds established under the provisions of State and Local Assistance Act of 1972.

Article #9 - Voted to appropriate the sum of \$16,500.00 to install Beam Bridge Guard Rails on the bridge and approach railings to the bridge on Boston Post Road South at the junction of Route 122 and to authorize the withdrawal of \$16,500.00 from Bridge Capital Reserve Fund.

Motion to take the sense of the meeting favored Mr. Crocker taking the State and Federal Fund approach to rebuilding bridges.

Article #10 - Voted to raise and appropriate the sum of \$10,500.00 to complete the construction of the driveway and landscaping for the new Police/Rescue facility.

Article #11 - Voted not to raise and appropriate the sum of \$31,000.00 to alter the Central Fire Station to provide training- meeting and office space.

Article #12 - Voted to raise and appropriate the sum of \$600.00 to support the services rendered by the St. Joseph Community Services, Inc.

Yes - 135

No - 103

Article #13 - Voted to raise and appropriate the sum of \$1,500.00 to support the services rendered by the Souhegan Valley Association for the Handicapped to Amherst residents.

Yes - 145

No - 99

Article #14 - Voted not to raise and appropriate the sum of \$1,000.00 to support the services rendered by the Nashua Youth Council to Amherst residents.

Article #15 - Voted to raise and appropriate the sum of \$3,600.00 to make repairs to and paint the Town-owned Steeple of the Congregational Church.

Article #16 - Voted not to raise and appropriate the sum of \$2,250.00 to resurface the sidewalks in front of the Congregational Church a distance of 340' by 4' from Houck property to Middle Street.

Article #17 - Voted as a substitute motion to direct the Town Moderator to appoint a committee of five to seven members to hold public hearings and continue to study alternative uses for the Brick School. Further that such committee be directed to present a formal report to the Town not later than the next regular Town Meeting.

Article #18 - Voted to authorize the Selectmen to sell and convey one parcel of land identified as Lot 4-16 approximately one acre in size, acquired by Tax Collector's Deed, by public auction or advertised sealed bid or in such manner as determined by the Selectmen as justice may require.

Article #19 - Voted to appropriate the sum of \$1,000.00 to make an energy survey of town buildings, and to authorize the withdrawal from the Federal Revenue Sharing Funds established under the provisions of the State and Local Assistance Act of 1972.

Article #20 - By Petition. Voted not to raise and appropriate the sum of \$30,663.00 to operate a Mosquito Control Program.

Article #21 - By Petition. Voted not to raise and appropriate the sum of \$25,000.00 to be administered by the Conservation Commission.

Article #22 - Voted as a substitute motion to postpone this article on reappraisal until March 1982 Town Meeting.

Article #23 - Voted not to raise and appropriate the sum of \$60,000.00 for the purpose of adding to the current Bridge Capital Reserve Fund.

Article #24 - By Petition. Ruled illegal by Town Counsel. To see if the Town will vote to discontinue the Mosquito Control District activities established under Article 4 of the Town Meeting of 1979, or take action relative thereto.

Article #25 - By Petition. Voted not to transfer ownership of the Steeple, clock and other parts thereof owned by the Town and currently located on the Congregational Church of Amherst.

Article #26 - By Petition. Voted to postpone this article indefinitely. To see if the Town will vote to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town or other governmental unit of the state to five percent.

Voted not to adopt a resolution offered by Richard Horn to form a committee to better inform citizens of future Town Meetings.

Voted to adopt the following resolution:

Whereas the Ways and Means Committee recommended the formation of an Advisory group to develop a comprehensive uniform personnel policy for all departments of the Town and School District, and

Whereas the 1980 Town Meeting voted to empower the Moderator to appoint and charge such Committee, and

Whereas this Committee did attempt to fill this charge

by drawing up a personnel policy, a range of job descriptions, a salary administration plan, and the recommendation to begin a Personnel Advisory Board to aid the Boards of Selectmen and Education in the updating and reviewing of such policy, and offered a written report to be included in the Town report, we, the members of this advisory group ask the members of Town Meeting 1981 to vote to urge the Boards of Selectmen and Education to act upon these matters to help maintain good relations and equitable pay among our town employees.

Meeting adjourned 10:25 P.M.

Respectfully submitted,

BERNICE G. BOOTHROYD, Town Clerk

March 16, 1981

AMHERST VILLAGE DISTRICT
WARRANT

The State of New Hampshire

The polls will be open at 8:00 P.M.

To the inhabitants of the Town of Amherst in the County of Hillsborough in said State, qualified to vote in DISTRICT AFFAIRS:

You are hereby notified to meet at the Town Hall in said Amherst on Friday the 12th day of March, 1982 at 8:00 P.M., to act upon the following subjects:

1. To choose all necessary District Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray District charges for the ensuing year and make appropriations of same.
3. To see if the District will give the Commissioners and District Treasurer the authority to borrow money in anticipation of District taxes.
4. To raise and appropriate the sum of \$2,500 for the purpose of developing plans to insure an adequate source of water supply.
5. To appropriate the sum of \$15,000 for the purpose of acquiring and developing additional water sources for the District and withdraw funds from existing capital reserves to offset these expenditures.
6. To transact any other business which may legally come before the meeting.

Given under our hands and seal this 19th day of February, 1982.

JOHN I. SNOW
DAVID R. HALL
ROGER O. TOPLIFFE

Commissioners of Amherst Village District

A true copy of Warrant - Attest:

JOHN I. SNOW

Commissioners of Amherst Village District

AMHERST VILLAGE DISTRICT

During the past year we have reviewed the capacity of the present district water source and the demand expected from our customers. To help us in measuring that demand a questionnaire was circulated with the recent billings. We intend to review the results of this questionnaire to be sure that our water supply will continue to be a high quality, reliable and adequate source.

Once again the District was well served by John Hanlon as Superintendent and Nancy Topliffe as Treasurer. On behalf of all residents in the District, we sincerely thank these dedicated people for their service during the past year.

JOHN I. SNOW, CHAIRMAN
ROGER O. TOPLIFFE
DAVID R. HALL

Amherst Village District
